

# SENATORS ARE PLANNING TO "STEP ON GAS"

Cloture Rule Is Proposed as  
Means of Dispatching Na-  
tion's Business

TOO MUCH ABSENTEEISM

Vacation Taught Senators  
What People Think of  
Their Laggard Efforts

By David Lawrence  
Copyright, 1921, by Post Pub. Co.

Washington.—The United States senate is "getting wise" to public sentiment. The few weeks of recess gave many senators an opportunity to confer with their constituents. The widespread dissatisfaction with the long time it has taken to get a new tax bill is one of a number of reasons why a group of Republican senators met at the home of Senator Frelinghuysen of New Jersey, the other night and talked ways and means of speeding up legislation.

Details of the meeting are just leaking out. One after-effect was a conference with President Harding about the necessity of drawing up a cloture rule to limit debate in the senate. This has been up before President Wilson thought he had accomplished something when at the beginning of his second administration a new cloture rule was passed but it was sixteen senators to sign the petition and then a majority vote to invoke the rule. It has been of little effect. Mr. Harding is naturally anxious to see the legislative machinery of the government oiled up. He isn't trying to dictate to congress what its rules shall be but as a former member of the senate, his advice was sought.

Too Many Absentees  
But the real trouble in the senate is not curable by cloture alone. Unlimited debate has its advantages as well as disadvantages. Filibustering has been indulged in very largely to prevent a vote being taken when many senators are absent from their seats. Absenteeism is the real problem that has to be solved—how to make senators stay on the job. Just a few days ago by that the senate doesn't have to call for a quorum whereupon members come scurrying from their offices, listlessly answer a roll call and go back to their offices again in another building hoping nobody will call a second time for a quorum.

Cloture rule will be bitterly fought by the minority. Half the strategy of political parties is speech-making in the senate. The Republicans won their last campaign, it is conceded by Democrats, largely through the attacks made by senator Borah, John N. Brandegee and Lodge in the open senate. It is the minority which benefits by unlimited debate while the majority always anxious to accomplish results, chafes under the delays incident to prolonged discussion.

There have been periodic movements to limit debate. They come every time legislation is delayed and an impatient arises from the country. This time the failure of congress to pass either a tariff or a tax bill since it went into session last spring is weighing heavily on the minds of Republican leaders the house with rules limiting debate functioned smoothly and passed both a tariff and a tax measure. Both have to be revised and probably will be rewritten in the upper house but the fact is the senate did its job while the house hasn't gotten very far. That's why a group of Republican senators are so active in advocating cloture.

## HITS BLUE LAWS

St. Paul, Minn.—Frances Cornell, burlesque actress, felt the blue laws were unfair.

So she challenged the pastor of the People's church to let her present her side from the pulpit. The pastor did so.

Frances, dressed in a mostly tailored suit, walked up before a jammed church and said:

"You all want everybody to refrain from doing what you do not want them to do but each of you want to do as you please. The Blue Law fanatic is no more and no less than a hypocrite."

Somebody in the congregation murmured "Amen."

"The pastor will answer her from the same pulpit later."

## KLAN HEAD WANTS TO BE INVESTIGATED

Imperial Wizard Simmons Urges  
Congressmen to Vote  
for Probe

By United Press Leased Wire  
Washington.—Congress will in all probability accept the invitation to investigate the Ku Klux Klan, telegraphed by Imperial Wizard William Joseph Simmons to members of the house and senate, Senator Pomeroy Ohio said Friday.

"In view of things that have happened there should be a congressional investigation," Pomeroy said. "Senators generally are favorable to an investigation of the Ku Klux Klan."

Copies of the telegram were sent to all members of congress—Republicans and Democrats alike.

"We respectfully ask and would appreciate your vote in favor of the passage of the bill introduced in congress providing for a congressional investigation of the Ku Klux Klan," Simmons telegraphed.

Simmons pleaded wholehearted assistance and cooperation by Klan officials in the proposed investigation.

## GERMANY ACCEPTS TREATY WITH U. S.

By United Press Leased Wire  
Berlin.—The reichstag Friday passed the bill ratifying the treaty of peace with the United States. Communist members opposed the measure.

The German reichstag ratified the treaty September 17. Germany has now completed her part in ratification of the treaty, which is before the United States senate for debate.

## Two "Molly Pitchers" Act For Miner Husbands

By United Press Leased Wire  
Indianapolis, Ind.—Two modern Molly Pitchers served their husbands with guns at the United Mine Workers convention Friday.

Like the historic character of the revolutionary war, Mrs. Fred Moon and Mrs. Ed. Chambers were on the job with the West Virginia delegation.

Chambers was shot dead in the West Virginia mine trouble. Moon is in jail facing a charge of first degree murder in connection with the death of two deputy sheriffs during the guerrilla warfare.

Mrs. Chambers is not a delegate to the meeting, but one of the West Virginia miners said "she brought the spirit of her murdered husband."

## "Male" Opera Stars Didn't Deceive Jews

Chicago, Ill.—Five Chicago women grand opera stars Friday declared they would bring suit against trustees of the North Shore Congregation B'nai Israel for failure to carry out a contract.

The singers claimed the congregation desired to have the "swelltest Yom Kippur" celebration in Chicago and hired outside talent to sing at the Yiddish services. As most of the music is written for male voices, the female singers had great difficulty in attaining the guttural sounds required.

Disguised as men, so as not to offend the Orthodox members, the women sang at one service, they claimed, but suspicions were aroused because there were not enough guttural sounds forthcoming. A protest resulted in the dismissal of the women.

## TEN DAYS WILL TELL IF RAIL MEN WALK OUT

Grievance Committees Meet to  
Decide if Strike Vote Will  
be Put into Effect

Chicago, Ill.—Grievance committees of the Brotherhood of Railroad Trainmen of fifty-seven lines Friday began consideration of the advisability of going out on strike.

Within ten days their decisions will be in the hands of President William G. Lee. Lee then will lay the facts before the brotherhood's highest tribunal—the executive committee.

There is but little doubt among organization officials as to the attitude of the grievance committees. The focal canvass of the strike ballots showed 91 per cent of the membership voted to walk out rather than accept wage cuts decreed by the United States labor board. So union chiefs believe, there was nothing else for the committees to do but to abide by the majority's wishes.

Committee chairmen, from every section of the country, went over all phases of the situation here at secret conferences with President Lee and other officials.

"If the grievance committees and the executive committee deem a strike advisable, it will be called," President Lee told the United Press.

"I know something's a'weighin' on 'em," he said.

"We stand ready to back them. As soon as one orders a strike, then the trainmen will follow suit."

## FORD WILL PURGE SENATE OF GRAFT

Auto Magnate Says He Will In-  
vade States of Senators  
Who Whitewash Newberry

Detroit, Mich.—Henry Ford declared Friday he would not "stop protesting against the illegal use of money in elections as long as Truman H. Newberry is in the United States senate."

"I will carry the issue to the people in every state whose senators vote to whitewash Senator Newberry," the automobile manufacturer declared in an interview with the United Press.

Ford was defeated by Newberry for the office of United States senator from Michigan in 1918.

"I do not want public office myself," Ford continued. "You could not draw me into the senate. But I will not rest while Newberry or any one else who through the illegal use of huge sums of money during a political campaign holds a seat in the senate."

Ford said he would wait to see what the senate did with the report of its special committee which investigated the Ford-Newberry contest before making his plans on carrying the issue to the people.

## Two "Molly Pitchers" Act For Miner Husbands

By United Press Leased Wire  
Indianapolis, Ind.—Two modern Molly Pitchers served their husbands with guns at the United Mine Workers convention Friday.

Like the historic character of the revolutionary war, Mrs. Fred Moon and Mrs. Ed. Chambers were on the job with the West Virginia delegation.

Chambers was shot dead in the West Virginia mine trouble. Moon is in jail facing a charge of first degree murder in connection with the death of two deputy sheriffs during the guerrilla warfare.

Mrs. Chambers is not a delegate to the meeting, but one of the West Virginia miners said "she brought the spirit of her murdered husband."

## AUTO IS WORSTED IN COLLISION WITH DEER

By United Press Leased Wire  
Hurley, Wis.—A frightened deer, chased by a dog, ran into the small touring car of A. Burt of Winegar near here last night, causing the automobile to overturn and slightly injuring Burt and his wife. The deer escaped unhurt.

## Beer Bill Hinders Senate Treaty O.K.

Senator Sterling Won't Ap-  
prove Early Ratification of  
German Treaty Unless Anti-  
Beer Bill Goes Through Be-  
fore Recess.

By Lawrence C. Martin  
By United Press Leased Wire  
Washington, D. C.—The anti-beer bill Friday blocked the road in the senate to an agreement to vote Oct. 15 on the peace treaty with Germany.

Senator Sterling, South Dakota, objected to any treaty agreement unless he was given a promise that the anti-beer measure would be disposed of before congress adjourned.

Sterling's opposition, totally unexpected, caused dismay among administration leaders. Senator Lodge withdrew his request for an agreement, giving notice he would submit it in amended form at 5 p. m.

Sterling stated he would object to it at that time.

"It is current talk that congress will adjourn after the treaties and the tax bill have been disposed of," said Sterling. "I want to say that I shall object to any agreement for a vote on any bill unless the program includes consideration of the conference report on the anti-beer bill."

Stick to Agreement  
Senator Underwood then served notice on Lodge that he had better stick to the terms of the agreement, whether it was approved by the senate or not.

Sensors Watson, Frelinghuysen, New, and others then began to work on Sterling, to get him to withhold his objection.

The tax bill, while it will be in theory laid aside for consideration of the treaty for the next two weeks, probably will actually occupy more of the senate's time and attention than the German pact. The arrangement to be proposed to the senate Friday provides that when anybody wants to talk treaty the tax bill must give way, but when no treaty debate is ruling the tax bill may be considered.

## HOYER GIRL IS TO MARRY KOOPMAN

Witnesses at Double Murder In-  
quest Not Allowed to Hear  
Each Other Testify

Milwaukee.—The coroner's inquest into the mysterious murder of Moritz Hoyer and his wife, who were slain by armed bandits in their home on Port Washington last night, has been adjourned until Wednesday morning.

Neighboring farmers who were on the scene immediately following the murder will be called to testify. The tragic slaying was reenacted Thursday when Dimmy Hoyer and his fiancée, Leonard Koopman, were called to the stand.

District Attorney Peter Huijas ordered Miss Hoyer to be kept from the inquest chambers while Koopman was testifying and also refused to allow Koopman in the room when Miss Hoyer was on the stand.

Bernard Koopman and Emily Hoyer, the only heir of the slain couple, will be married Sunday if it is announced by Miss Hoyer's attorney.

The calling of a new jury, because of Koopman being on the former jury and one of the star witnesses, necessitated the exhumation of the bodies of Hoyer and his wife several days ago.

## SMOOT PROPOSES FLAT SALES TAX

By United Press Leased Wire  
Washington.—Vital provisions of the Republican tax bill would be eliminated and a 3-per cent manufacturer's sales tax substituted under a series of amendments introduced in the senate Friday by Senator Smoot of Utah.

Smoot's plan contemplates no change in the present income, tobacco, liquor and inheritance taxes and customs duties. He stated that this sales tax had been estimated to yield \$750,000,000 for 1922, which would be ample to provide the revenue lost by the repeal he proposes.

## BABY BLIMP EXPLODES FROM LIGHTNING BOLT

Dayton, Ohio.—The baby blimp built at Akron and brought to McCook Field here for experimental purposes was completely destroyed by an explosion caused by lightning early Friday.

The hangar in which the blimp was housed also was destroyed. No one was injured.

The blimp, the newest acquisition to the air forces was 55 feet long and was driven by the army balloon school.

## STILLMAN HEARINGS DEFERRED TO NOV. 1

By United Press Leased Wire  
Poughkeepsie, N. Y.—Resumption of hearings in the divorce suit of Mrs. Fifi Potter Stillman and James A. Stillman, scheduled for October 11 has been postponed until Nov. 1 because of the illness of Referee Gleason. It was announced Friday.

## "SLUSHY" WOMEN GREET ARBUCKLE AT CLOSE OF TRIP

Brady Positively Declares Com-  
edian Will Face Trial With-  
in 60 Days

By United Press Leased Wire  
Los Angeles, Calif.—Three young girls dashed into Roscoe Arbuckle's arms when the film comedian stepped from a Pullman at the Southern Pacific station here Friday.

They covered his flushed face with kisses.

A number of men in the large crowd which awaited his arrival welcomed him by clapping their hands. Still others booed him. A hiss or two was heard.

Roscoe's famous smile was missing. He looked like a young boy afraid of the reception that awaited him. He hurried a brown overcoat as if it were the only friend he had left.

A green cap perched on Arbuckle's head. He pulled it off, and twisted it in obvious emotion. He seemed surprised at the rousing greeting. His face flushed deep red. Actresses, dozens of them, dashed up to Arbuckle.

"We're glad to see you back, Roscoe," they shouted.

Arbuckle, charged with manslaughter as a result of the death of Virginia Rapp, following a "party" in his hotel suite here probably will be on trial within sixty days.

That was the announcement Friday by District Attorney Matthew Brady, San Francisco, in setting at rest claims of the defense that Arbuckle may never be brought to trial.

## PREFER JAIL TO LAW OBEDIENCE

By United Press Leased Wire  
Pittsburg, Kansas.—Alexander How, at August Doreby, president and vice president of the 14th district United Mine Workers, declared they were prepared to go to jail Friday.

The two were scheduled to appear before Judge Boas at Columbus to either give bond that they will call no more strikes in Kansas mines or be remanded to jail on a sentence of six months. The sentence followed conviction on a charge of violating the Kansas industrial court law.

Howat declared he would not give the bond as it would constitute "a complete surrender to the industrial court and coal operators."

## STRICKEN WOMAN SEEKING HUSBAND

By United Press Leased Wire  
Fond du Lac, Wis.—Mrs. Frances Pease, 25 mother of two small children, was stricken with a severe nervous breakdown while seeking employment here and has been sent by city authorities to St. Agnes hospital.

Her husband, Gordon Pease, is believed to be working in or near Milwaukee and Mrs. Pease believes that should he hear of her plight, he would make provision for the care of the children. Pease is now on parole after conviction on a charge of non-support. The babies are being temporarily cared for by a private family here.

## Gives Up Her Husband To "Other Girl"

By United Press Leased Wire  
Kansas City, Mo.—Mrs. Mary Woodson Shippey Friday was in possession of a divorce decree from Lee Shippey, Missouri poet and war Y. M. C. A. worker who was followed home from France by the mother of his "love child," Madeline Babine.

Following an all-day hearing where Mrs. Shippey, a newspaper woman, Judge Johnson of circuit court, was on the stand several hours, granted her the decree, the custody of the Shippey's child, and \$100 a month alimony.

Shippey, represented by attorneys, is now said to be in Tampico with Madeline to whom he was alleged to have referred in poems as "my little love in Arcady."

# Biggest Step Toward Peace Taken By Irish

## IRISH OPTIMIST

Frank P. Walsh, counsel to Sinn Fein, photographed on his return from Ireland. He said prospects for Irish freedom are brighter now than ever.

## Ignatz Was Too Busy To Marry Anna

By United Press Leased Wire  
Milwaukee.—Ignatz is now willing but Anna can't see him at all.

It so developed when Anna Kordis sued Ignatz Braswac for breach of promise here Thursday.

They became engaged July 13 and applied for a license. All went well until July 18 when Anna with two friends went to lead Ignatz to the altar. He was too busy, the license had not come yet.

It arrived September 25 but Anna had lost all confidence and would not agree.

Anna asks \$2,000 heart balm and damages, claiming she gave up a \$120 a month job to wed Ignatz.

## STRIKES GAINING. LABOR SECRETARY TELLS JOB CANFAB

Conference Will Be Used as a  
Means of Forcing Prices  
to Lower Levels

By Herbert W. Walker  
By United Press Leased Wire  
Washington, D. C.—A recommendation that congress immediately pass the \$500,000,000 railroad refunding bill was to be presented late Friday to President Harding's national unemployment conference.

The conference steering committee which drew up the recommendation called it "the most important act the government can do toward bringing relief in the present labor distress."

The number of strikes now in progress throughout the country is higher than at any time since the war, Secretary of Labor Davis said Friday.

Official figures reveal that walkouts now total 60, he added. The highest previous record of strikes at one time was 50 during the war.

The strikes now under way are contributing to the widespread unemployment, Davis said. Most of the walkouts have been caused by efforts of employers to force wage reductions.

An emergency recommendation that price of many commodities be slashed as a means of stimulating business will be made to the conference.

It is the administration's plan to use the conference as a means of forcing down prices of many articles, which have been reluctant to drop from the "war peak" region.

The demand for lower prices will come from the committee on emergency measures that can be taken by manufacturers to relieve unemployment.

## "Republic" Replies to Pre- mier's Note Accepting In- vitation to Conference

ALL IRELAND REJOICING  
DeValera, Boasting Victory,  
May Meet British Cabinet  
Himself Oct. 11

By United Press Leased Wire  
Dublin.—Eamonn De Valera on behalf of the "Irish republic" Friday accepted Lloyd George's invitation to a peace conference.

"We accept the invitation. Our delegates will meet you in London on the date mentioned," De Valera's reply said.

Sinn Fein delegates will be sent to meet the British cabinet committee in London Oct. 11.

The Irish leaders' telegram to Lloyd George Friday brought to an end the tentative interchange of notes between the two countries and the next step in Irish negotiations was to be a direct conference.

De Valera's telegram Friday was in reply to one received from Lloyd George by the Daily Express yesterday, in which the British premier hinted at the question of recognition of Ireland by Great Britain and invited Irish delegates to an untrammelled meeting next month.

Friday's message from De Valera was the most complete step yet taken towards Irish peace.

Arthur Griffith, Sinn Fein's foreign minister, was to head the deputation which would go to London for four parleys with a special cabinet committee appointed by Lloyd George.

It was considered possible as many that De Valera himself would now go since he is commonly said to have won a tactical victory over Lloyd George in his latest and final exchange of notes preliminary to a conference.

Greatest joy was expressed on all sides here Friday when the report that De Valera had accepted Lloyd George's invitation appeared in the Daily Express. The word was immediately telegraphed throughout the country, and untrammelled celebrations, almost as though peace were already settled, took place.

## HOBOES TAKE WILD RIDE ON "SPECIAL"

Western Railroads Are Con-  
cerned Over Swarming of  
Trains by "Tourists"

By United Press Leased Wire  
San Francisco, Calif.—Outbreaks of "hoboes" now flocking to California as a result of the industrial situation in the east, Friday caused western railroads to admit they were confronted by a serious problem in protecting their property.

During the last 24 hours three lives have been taken in battles between tramps and railroad guards and one train has been "stolen" and run a distance of 150 miles from Bakersfield to Los Angeles by "hoboes."

E. E. Moore brakeman on a freight train, was shot and killed by one of eight "hoboes" whom he attempted to put off a train at Galt, California, last night.

N. T. Greene, special railroad policeman, shot and killed two Mexican tramps at Goshen, California, early Friday, after they had attacked him when he ordered them off a train.

Seventy-five hoboes were arrested in Los Angeles when they arrived from Bakersfield with a train which they had commandeered during the afternoon. They had run the train on fast schedule the entire distance of 150 miles forcing dispatchers to sidetrack regular trains for the "weary social."

## Wanderer Goes To His Death Singing Song To Wife Whom He Killed

By United Press Leased Wire  
Chicago, Ill.—A wanderer with a song to the wife he murdered on his lips, was hung at Cook county jail at dawn Friday.

The murderer of three—Mrs. Wanderer, her unborn babe and the "poor boob" went to his death without a show of fear or an outward sign of repentance.

As he stood on the scaffold and the hangman's nose wound around his neck, Wanderer was asked if he had anything to say. He responded by singing in a clear resonant voice, the chorus of "Old Pal, Why Don't You Answer Me?" coming from the condemned man's cell. He apparently was practicing the song which he planned to sing on the scaffold.

Wanderer had a newspaper picture of his wife near his heart when he was hung. He was allowed to place the picture inside of his shirt. Shortly before the death march began, he read a few passages from the Bible and then read from a pamphlet entitled "Hell" which he had taken to the death cell.

## RURAL CARRIER IS ROBBED OF \$41,500

By United Press Leased Wire  
Carrollville, Ill.—A statewide search began Friday for two bandits who held up Lawrence Jernard, substitute rural mail carrier between Carrollville and Bush and fled with \$41,500.

A bank in St. Louis had mailed the money to the Western Coal and Mining company at Bush.

Edward Zimmerman, regular mail carrier, is sick. He runs a taxi service between here and Bush.

## AUTO DRIVER IS HELD BLAMELESS FOR HITTING MAN

Jury Says William Ohlrogge Was Not Guilty of Carelessness

After deliberating three and one half hours the jury in municipal court Thursday afternoon returned a special verdict freeing William Ohlrogge from responsibility for damages alleged to have been suffered by Frank Kirk when he was struck by the former's automobile while riding a bicycle at the street intersection of the Chicago and North-western passenger depot about a year ago.

Guided by the findings of the jury the court decided that Kirk could collect no part of the \$1,000 for which he had brought suit against Ohlrogge.

### What is a Guitar-Uke?

See special demonstration at the Meyer Senger Music Co., 840 College Ave., beginning today and for one week only. Auspices of Hawaiian Music Studio of Chicago.

and the successor of the jury that Kirk be granted a judgment of \$200 was entered.

The case went to the jury at 4:30. The verdict was reported at 8 o'clock. Application for a special verdict was made by Fred V. Heinenmann, attorney for Ohlrogge, defendant in the action. In answering the questions put by the court the jury found that Ohlrogge was not driving his automobile at a rate of speed greater than was reasonable and proper when the accident occurred. It also answered negatively the court's question: "Was the plaintiff guilty of any want of ordinary care which contributed to produce the injury received?"

While the jury placed the assessment of damages against Ohlrogge at \$200, Judge A. M. Spencer decided that its answers to the questions asked acquitted the defendant of any responsibility and that therefore no amount could be recovered.

### Shop For Babies

L'Nor Baby shop will open its door to young mothers and fond aunts and any others who love pretty things for small children on Saturday, Oct. 1 in the rear rooms of the Keller Jewelry Shop. Miss Eleanor Keller, who is opening the shop makes fast of the garments for children up to six years herself.

ward this end petitions are being circulated which will be presented to the county board requesting that the Leeman road be added to the county road patrol system.

This road connects the New London Bear Creek road with trunk line 47 at Draphal. It is now patrolled from Bear Creek to Leeman. What the Maine and Cicero farmers want is an extension of this service from Leeman through Nichols to trunk highway 47.

## RASEY EXPLAINS SCHOOL PROBLEMS

Principal Lee C. Rasey addressed directors of the Appleton Chamber of Commerce at a meeting Thursday evening on the various problems confronting the development and expansion of Appleton's school system.

Revisions of tax measures now contemplated by congress were discussed and Secretary Hugh G. Corbett was instructed to inform the national headquarters of the chamber of commerce that the local body approves the present action taken by the organization in regard to these matters.

He was also instructed to write the heads of western railroads to the effect that the local chamber urges these roads to follow the recent action of eastern railroads in granting a fare of one cent per mile to members of the American legion and their families.

Car in Ditch  
Nelson Nutting attended the fair at Beaver Dam Thursday and said the highway on his way home was lined with cars in the ditch and that he counted no less than a dozen damaged in collisions. The trouble was due principally to skidding.

## CLASSES IN HOME NURSING NEXT WEEK

Classes in Red Cross Home Nursing will begin Monday and Friday of next week. Many Appleton business women and girls have already signed up for these classes, which offer practical training in the rudiments of nursing. There still are vacancies, and reservations may be made by phoning the Red Cross center.

It is expected that more than 200 women will avail themselves of the opportunity which the Red Cross is offering. Classes are being established in other centers in the county. Appleton classes will be held at the Vocational school at 7:30 Monday and Friday evenings.

Car in Ditch  
Nelson Nutting attended the fair at Beaver Dam Thursday and said the highway on his way home was lined with cars in the ditch and that he counted no less than a dozen damaged in collisions. The trouble was due principally to skidding.

## LEGION AUXILIARY ELECTS DELEGATES

Mrs. Gustave Keller was appointed delegate and Mrs. Adell Rouds, alternate to the national convention to be held at Kansas City Oct. 31 and Nov. 1 and 2 at the meeting of the Woman's Auxiliary of the Oney Johnston post of the American Legion Thursday afternoon.

The members decided to meet here after the first Thursday of each month commencing Thursday, Oct. 6, when a social session will be held for all members, which will include a picnic dinner.

At the meeting Thursday a committee was appointed to visit soldiers who are ill at St. Elizabeth hospital, St. Elizabeth Sanatorium and at homes in the city.

## ARRESTED FOR DRIVING CAR WITHOUT LICENSE

For driving his automobile without a license, H. L. Lachapelle of Green Bay was arrested Wednesday afternoon in Appleton by Officer Edward Hatzman.

He appeared in municipal court Thursday and paid costs amounting to \$3.42, the court remitting the fine.

## SEEK IDENTITY OF DEMENTED YOUTH

Chief George T. Prim of the police department is trying to ascertain the identity of a young man about 25 years old who was found wandering around in the east end of the city by a police officer about 1 o'clock Friday morning.

The man appears to be demented and refuses to talk. He is unable to tell his name, where he lives, or any other facts that might lead to his identity. He has about a week's growth of beard, is dressed in blue overalls and blue jumper and wears a black slouch hat.

Chief Prim is anxious to get in touch with anybody who knows the man. Inquiry at asylums in this locality reveals that none of the inmates is missing.

## Recovers Stolen Bike

John C. Ryan, Jr., has recovered a new bicycle which was either taken by mistake or was stolen from the rack at Appleton high school early in the week. He reported his loss to the police department which succeeded in locating it for him.

## THE HAWAIIAN MUSICAL COMEDY WONDER SHOW "A Night In Honolulu"

With a Troupe of Native Singers, Dancers and Musicians. A Scenic Production with Startling Electrical Effects

## THE STAGE

### "A Night in Honolulu"

The scenes of this play of Hawaiian life are laid on the Island of Hawaii. There are three acts. The action takes place in a small village on the bay of Hilo, not far from the volcano Kilauea. It concerns an episode in the life of a beautiful Hawaiian voodoo woman, an Englishman and their child. The play reveals the story of a night storm raging on the outside of a hut. The voodoo woman and the chants and weird music of her native companions is heard praying for the recovery of her infant who lies near death and for the safe return of her lover, who has gone to Hilo. An old Servitor enters and tells her the lover will never return to her; that he has gone to Hilo to await the arrival of the boat from England, which will bring him his white wife and baby. He swears by the great goddess Pele that his information is correct, shows her from the window the English vessel driven far out of her course by the storm and struggling in the breakers sending out calls for help. The natives in their superstitious fears do not dare aid the ill-fated vessel and it is wrecked, washing ashore many of the passengers, the majority of whom were drowned; among these is the white wife of the Englishman, but the child survives. The Hawaiian wife substitutes the white child for her own, rears her, and in the following two acts, which are supposed to take place seventeen years later, the child is seen as the girl "Kalamia" favored by the gods and the idol of the natives.

### "The Ruined Lady"

Not since Grace George appeared in the great comedy "Divorçons," has she had such a wonderful vehicle as "The Ruined Lady," the sidesplitting comedy by Frances Nordstrom, in which she appeared last season. It was a triumph for her in New York and after the first performance the critics were unanimous in calling it the real comedy of the season. It is a comedy with a plot and a punch, just one big laugh after another. The Winnie players will never be seen to better advantage nor will John Winnie ever be funnier than in this roaring farce which will be presented by this popular company at the Appleton theatre tonight.

### RAZES LOG RESIDENCE TO BUILD MODERN HOME

One of the earliest farm residences in Outagamie-co. has passed out of existence with the erection of a modern home by John Paltzer at his farm on Freedom-rd. The old home was erected 55 years ago, almost entirely from logs. Later the structure was remodeled and covered with siding to conceal the log construction. The new residence is handsome in appearance and has most of the conveniences enjoyed in the city. Mr. Paltzer purchased his farm 17 years ago and has become an extensive breeder of purebred Holstein cattle.

## Simple Costuming For Red Cross Peace Pageant

Costuming for the Red Cross of Peace, the pageant which is to be put on at Lawrence Memorial chapel Oct. 7 under the auspices of the Outagamie chapter of the American Red Cross is exceedingly simple, consisting of a few draped costumes for the symbolic figures and uniforms of the civil and recent wars. Committees in charge of costume effects and marshals of the actions have been busy procuring uniforms from many people in the city.

Overseas doctors, nurses and field workers will appear in the later episodes of the pageant wearing their own uniforms. Others have been borrowed for the use of the 200 people taking part. Costumes for the symbolic and historic characters are either draperies or the costume of that period. Historical characters in the prologue appear in the uniforms of the Union

and Confederate armies. Henri Dunant, the young Swiss who conceived the idea of the Red Cross appears in native costume. Clara Barton and Florence Nightingale, impersonated by Mrs. C. J. Bell of Little Chute and Mrs. J. P. Frank, Appleton, will appear in the severe and simple dresses of grey with white caps and fichus.

The costume of Mrs. M. Rideout as the Red Cross of War symbolizes in color and line the spirit of service which has followed the Red Cross. Columbia, who will be portrayed by Mrs. Roy Marston, will wear a Grecian costume trimmed with tricolor decorations and appropriate headpiece. Mrs. Elmer Dunn as the Red Cross of Peace will wear a soft flowing garb of sky blue. Humanity's costume combines the colors and symbolism of the entire pageant. This figure will be represented by Mrs. Charles Treat.

## WANT STEINBERG TO TALK TO ILLINOIS REALTORS

Daniel P. Steinberg, president of the Wisconsin Association of Real Estate Brokers, has received an invitation to attend the annual convention of the Real Estate Association of Illinois which is to be held at Peoria, Oct. 13-14-15.

Mr. Steinberg is asked to address the convention on the last day of the meeting. His subject would be "Duties of a State Secretary," with which office he is entirely familiar, having served in that capacity with the Wisconsin association before being elected as its president.

## SHE DYED HER SILK STOCKINGS TO MATCH SKIRT

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her old, worn, faded things new. Even if she has never dyed before, she can put a new, rich color into shabby skirts, dresses, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything. Buy Diamond Dyes—no other kind—then perfect home dyeing is guaranteed. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run. adv.

## NO ACTIVITIES AT "Y" DURING MEMBER DRIVE

All activities of the Y. M. C. A., including the swimming tank, bowling alleys, gymnasium will be closed Monday, Tuesday, Wednesday and Thursday inclusively, to give the "Y" men ample time to devote their whole attention to the membership campaign.

Organization of gymnasium leagues, and industrial and commercial leagues will be started immediately after the campaign.

## SOO WANTS TO BOOST PASSENGER BUSINESS

In order to stimulate passenger traffic the Soo road, which recently purchased the Wisconsin & Northern road, is planning to run a series of weekend excursions to Milwaukee and Chicago, the first of which will take place Sunday, Oct. 5. The price of tickets will be approximately two-thirds of one fare for the round trip. The reduced rates will be in effect on Saturday afternoon and early Sunday morning trains.

## THE DOMESTIC CONTRIBUTION TO PROSPERITY

In the opinion of the Harding administration three of the essential results which must be obtained in order to alleviate unemployment and expedite a return to normal commercial conditions are, readjustment of the construction industry through the lowering of material prices, alteration of labor rules and decreases in wages, reduction of railroad rates and wages and decrease of fuel prices and settlement of differences in the mining industry.

We think it is the consensus of opinion throughout the country that any attempts to improve business conditions will fall short of the object sought in the absence of liquidation in the construction industry and transportation. In the construction field hundreds of millions of dollars are waiting for favorable opportunities to engage in all kinds of building both for investment and utility. Some material prices have declined but the prices of others have come down either too little or not at all. Building trades have consistently resisted liquidation and rule modification, until we have recently had a test of this situation in the decision of Judge Landis handed down in the city of Chicago. Argue as producers or employees may about the ethics of prices and wages in the building industry, we all know that construction will not proceed on a large scale at present costs.

That railroad rates are exorbitant no one will deny except possibly railroad operators here and there. Although some railway executives have contended that high rates have not injured business the experience of shippers has been that transportation charges have kept up food prices and put rigid restrictions on trade. The question of wages in the transportation field is one which is not easily determined. We think there is a great deal to substantiate the claims of railway employees that they are entitled to higher wages than were ever conceded in principle prior to the inflation produced by the war. The nature of their occupation, hazardous and exacting, requires not only skill but an unusual degree of reliability. We think it is a sound proposition that from the standpoint of public protection alone the railroads should pay wages that will induce maximum efficiency, maximum dependability of service.

Just how liquidation in the transportation field is to be accomplished without undue interference with wage standards is a matter that requires the application of real genius. The Esch-Cummins law was admittedly a temporary expedient. The rail problem is in as acute state today as when this measure was enacted by congress. It has done nothing to permanently solve the question. We believe people generally are of the opinion that fundamental changes are necessary in the line either of reorganization, consolidation or regulation, that will at the same time reduce rates and increase the margin of revenue over operating costs.

In the coal industry we find a somewhat similar situation with a tendency to increase fuel prices in the face of economic causes that logically would be expected to reduce prices. The status of the transportation, building and coal industries is such as to lead to the conclusion that radical readjustment is necessary in all three of them before prosperity will react favorably to domestic factors.

## BLOCS VS. PARTIES IN CONGRESS

Party lines in congress have to a considerable degree in recent years been supplemented by blocs acting either for special interests or special ideas. In the case of each bloc the alliance is bi-partisan. In some cases the combinations are stronger than party ties. In the last session of congress the agricultural bloc was very powerful. It enacted most of the legislation

that the farm interests demanded and some that they did not demand which the agricultural bloc believed in for their benefit. There is the prohibition bloc which has completely dominated parties and congress as a whole. There is a tariff bloc, a labor bloc, an anti-immigration bloc, a manufacturers' bloc, a rivers and harbors bloc, and so on.

It is a question whether these blocs are not an influence for unwholesome rather than wholesome legislation. In most if not all instances the bloc represents a group of interests with more or less radical demands and more or less selfish purposes. It is inevitable that one bloc will trade its influence for that of another to secure the passage of bills it desires as well as the defeat of measures it opposes. We have had examples of this in tariff, prohibition and another legislation.

Representatives which feel they are in congress primarily to serve the interests of a special group or special idea seldom see beyond the horizon of their limited field. Legislation in general is reduced to the standard of their pet hobbies and they are little interested in measures which do not concern the policies they are primarily committed to. The result is that they think, act and vote within the small circle of their own propaganda and aims and with slight regard for the welfare of the country as a whole. They lose the national viewpoint and magnify the local and personal.

The tendency toward these blocs in congress is not to be regarded without misgiving. We cannot expect them to yield legislative results that conform to the nation's needs or to sound national development. As between these specialized blocs and parties which are differentiated by broad standards and national policy the preference unquestionably should be given the latter. It is a safe assumption that that special or local interest which is not compatible with the welfare and progress of the country as a whole should not prevail, and that where it is in harmony with the national good it will be recognized as promptly and as completely by representatives of all the people as by representatives of a few.

## DISTRIBUTION OF WEALTH

The treasury department reports that the savings of small investors total \$27,000,000,000. Taking the population at 108,000,000, this is \$250 for each man, woman and child in the United States. Of the grand total \$21,000,000,000 is invested in government securities, and \$6,000,000,000 on deposit in 30,000 savings banks. Laws lay down the principles of freedom and equal rights, but they cannot produce individual independence. Republicanism is only a theory, if it depends exclusively on legislation and sentiment. It is money which gives a person self-reliance and courage, that actually produces democracy.

The wide distribution of capital is the mainstay of republicanism. The people are stronger and freer if a large number of them have some competence. It is better to have a million citizens with \$5,000 each than one hundred with \$50,000,000 each. It should be the aim of every family to save as much money as possible. A little money should be put in the savings bank every week, and saving should be a habit. Everybody should save money to own a home and to invest in remunerative securities. Amassing a little capital is the only way to independence.

## TODAY'S POEM

By Berton Bralcy

## ARGOSIES

(The American Flag is now sailing the Seven Seas—Shipping Board Bulletin)

Our ships shall sail to the ends of earth,  
Far out on the deep sea track,  
And they shall take goodly cargoes forth  
And carry vast riches back.  
From the tropic ports to the Arctic flocks,  
From the east to the swagging west,  
Wherever men sail the seas with ships  
Our argosies shall be best.

We shall sail our ships with Yankee crews—  
Big chested and unafraid,  
We shall show the world that men toil best  
When decently fed and paid.  
We shall not lower our wage and fare  
To those of a coolie crew,  
But set a standard of life at sea  
As Yankee ships ought to do.

And men shall say as our ships drive by,  
With the flag at the towering mast,  
"Oh, there by God, sails a White Man's Ship,  
Where a sailor's a Man at last,  
Ay, there she sails with her head held high,  
And her forefoot spouting spray,  
A grand free ship from a grand free land—  
A ship from the U. S. A."

## NIGHTMARE SOMETIMES FATAL

While nightmare is said to be capable of causing death to a physically weak adult, this has never been known to happen to a child, yet children are more subject to nightmares than adults.

## Health Talks

BY WILLIAM BRADY, M. D.  
Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual case cannot be considered. Address Dr. William Brady, in care of this paper.

## STILL MORE OXYGEN

Human life is a constant process of combustion—the burning of fuel to free its energy for muscular and functional work. The fuel is food, converted into body tissue. Although some persons are said to burn the candle at both ends the fact is that the great majority of us suffer by reason of too slow combustion, that is in part attributable to choking the fire with an excess of fuel, and in part to poor draft. No fire can burn without draft. Combustion can't take place without oxygen. Life languishes when the oxidation process is slow. All though there is oxygen aplenty all about us, the great majority of us, as I say, slowly smother to death—succumb prematurely—merely because we just won't take pains to regulate the fuel and the draft and consequently our metabolism gets out of order.

Get that metabolism fixed in your vocabulary. It's an impressive word—just 300 years better than liver complaint or impure blood. It means the combustion process which is life. When you've mastered metabolism, so that you can feel it out your tongue without an instant's hesitation, add the word basal to it. Basic, you know, is a popular word these days. Basal metabolism is the minimum essential for the continuation of normal life in a state of absolute rest. Don't ask your friend how his liver is working this morning. Say, "Hello, Pete, how's the old basal metabolism today?"

It is all a matter of oxygenation. Not deep breathing. No, you may breathe as deeply as you will, but you can't make your blood absorb any more oxygen or your body tissues use any more than they are able to. The effect of the muscular effort involved in this trifling exercise. The way you can make your body absorb and use more oxygen is by general muscular exercise. Two miles of oxygen three times a day on the hoof represents a fair minimum dose of exercise for persons who wish to keep well and fit.

At some altitude some persons with impaired metabolism experience unpleasant effects from any muscular effort—the oxygen supply is comparatively scant in the air of elevated places, and one just coasting along close to basal easily exhausts his small surplus.

It has been found that unfit persons can put forth active muscular effort without discomfort if the air they breathe is surcharged with a little more than the natural proportion of oxygen, and fit persons can comfortably endure a strain or overload in such air that would soon exhaust them in ordinary air. Ordinary air contains about one fifth part oxygen, the benefit of surcharging air with oxygen was found to be limited to air containing about three fifths (60 per cent) oxygen. These are mere experiments in physiology.

Practically, the ordinary open air anywhere is good enough, rich enough in oxygen. Eat enough to fill your lungs with it, too. But that isn't enough. You've simply got to exercise some every day to keep the life fire burning.

## QUESTIONS AND ANSWERS

## A Drunkard

Is there any treatment which will stop a habitual drunkard from drinking liquor? Although the country is "bone dry," there are plenty of places in town where liquor is made and sold. (Mrs. J. B. F.)

Answer.—Only by consent and co-operation of the alcoholic victim himself can the physician or other institution.

## Used Clothing

Is there any danger of contracting communicable disease by wearing clothing that has been worn by another? If so, is there any way such clothing can be disinfected? Would naphtha cleaning answer the purpose? (F. M. W.)

Answer.—There is probably no such danger, but steam cleaning, washing and ironing or pressing or naphtha cleaning followed by pressing would make the clothing safe to wear.

## Twenty-Five Years Ago

Friday, Oct. 2, 1896

Harry Denton was at Iron Mountain visiting friends.

Leopold Hammel of Milwaukee was visiting his parents, Mr. and Mrs. Jacob Hammel.

The Rev. John Faville returned home from the Wisconsin Congregational convention at Antigo.

F. W. Volkman removed his jewelry store from 724 College ave. to the east half of Brower's restaurant.

Arthur Bishop, who had been engaged in the marble and stone business at Neenah for many years, disposed of his business and was about to remove to Menominee, where he was to engage in the lumber business with Howard S. Brooks.

Miss Sue E. Haylett died the night previous at the home of her brother, Dr. H. P. Haylett.

Arrangements were completed whereby Coach Karel was to remain with the Lawrence foot ball team for another week.

Horace Richmond of Tacoma, Wash., was a guest in the family of Mr. and Mrs. W. A. Clark.

The rope drive between the Vulcan and Toga mills of the Kimberly-Clark Co., which has been completed sometime previous was in use at the time steam was the only motive power for these mills.

A new firm for the practice of law was formed by the consummation of a partnership between District Attorney John Gottensek and Charles H. Coates, formerly of Neenah who, for the previous year had been Mr. Gottensek's assistant.

The plant of the Manufacturing Investment Co. started up after a month's idleness due to lack of water for operating the machinery.

## THE VERB SALVAGE

The verb "to salvage" did not pass out of existence with the disbanding of the A. E. F. Its synonym, "to manage" is still recognized as part of the language of Legionnaires. George R. Anderson, post of the American Legion at Appleton, Okla., has recently "salvaged" a library of 2,000 volumes. In the army days when anything from a mess kit to a five-ton truck might have been acquired mysteriously through the simple explanation "we managed to get it" or the equally expressive "we salvaged it" the post acquired the library. During the war the people of Ardmore had collected a large number of books to be shipped to army camps for use of soldiers. But after the volumes were collected and boxed they were never shipped. They were discovered recently in a store room by a member of the Legion post and it did not take long to salvage them.

## HAS A KICK IN IT

According to the chemical experts, the grasshopper should be one of the best foods extant. Wherever man or beast have eaten them in large numbers they have thrived. The scientist says that the grasshopper is more than 40 per cent fat and that it is stuffed with proteins. Maybe the restaurants have been serving us grasshoppers for lamb chops when we were not looking. We always knew that a grasshopper had a kick in it.—Los Angeles Times.

## Canada's Capital

By Frederic J. Haskin

Ottawa, Canada—They call this city the Washington of the North. But the phrase calls up some associations that are misleading, at this season in particular. The North suggests snow-drifts and people wearing furs and arctics, and just now Ottawa is still enjoying the sort of fall you find in Boston or considerably farther south.

Washington, too, is not at first glance recalled by Ottawa. There is practically none of the marble white-pose set in green that characterizes Washington. The most elaborate of the Government buildings are of cream and red sandstone and the rest of the Government offices are housed in plain, unobtrusive office buildings.

But later, the city does gradually show its relation to the Capital of the United States in character: more than appearance. There is the same government atmosphere and conversation. The buildings at set times swallow up and release the same horde of clerks—they call them civil servants here—dressed with the same ambitious stylishness.

"I don't know how they dress the way they do, on \$50 a month. That's all most of them get," marveled one Government official.

A drive around the city adds to the reminders of Washington. There is the experiment farm, for instance. Canada, like the United States, has a number of these farms scattered over the country, and like the United States, it has one at the capital to be near the Department of Agriculture.

Our experiment farm at Arlington is a purely business proposition. No special effort is made to achieve beauty for beauty's sake. Ottawa's farm is a show place. Every tree, plant, and shrub that grows in Canada is represented in these grounds. There are 28,000 different varieties of plant life here. But instead of planting them in endless rows, an ornamental park has been made of a large section of the farm.

## An Ornamental Farm

Fields where experiments are being conducted with tobacco or wheat are alternated with beautifully kept lawns. These are shaded, but not too densely, with tree specimens, and flower beds show what can be done with Canada's large variety of blossoms.

One unusual feature of grounds is a patch of different hedge specimens, planted like so many rows of potatoes. There is a row of yew, and close beside it a row of spruce, and so on, for a large area. It gives the effect of a display in a shop, the strips of hedge suggesting picture molding samples, or something of the sort.

Another feature of the farm is the floral sundial, the dial of which is marked out in red, yellow, and green colors. The dial is about 40 feet in diameter. It is laid out like the ordinary sundial except that flower beds, divided by narrow strips of concrete, take the place of the stone plate with its lines. The shadow is cast by a long pole set at the proper angle.

This dial is said to give accurate

the water. The moon being so much closer is the principal cause of tides.

Q. What church does Lloyd belong to? F. D.

A. Premier David Lloyd George of England is a member of the Methodist Episcopal Church.

Q. Please give a recipe for making pepper sauce? L. P.

A. Wash small cherry or Chile red and green peppers, pack into bottles cover with a good cider vinegar and cork. It will be ready for use within a few days. As the sauce is used more vinegar may be added to the peppers from time to time.

Q. Why is court-plaster so called? D. L. H.

A. Court-plaster was thus named because it was first applied by ladies of the court as beauty patches on the face.

Q. Was Davy Crockett ever in Congress? F. G. S.

A. Davy Crockett was in Congress from 1826 to 1830 and from 1832 to 1834, representing a Tennessee constituency. At the end of his last congressional term he joined the Texans in their war against Mexico and helped defend the Alamo in 1836. He was one of the six survivors who surrendered and was shot by order of Santa Anna.

Q. Did Corot receive high prices for his pictures, or did he die a poor man? U. M.

A. Corot the French landscape painter, exhibited his first picture in the Salon in 1827, but it was not till nearly 20 years later that his genius as a painter was generally recognized. He was then about 50 years of age. The last 25 years of his life were spent in different circumstances, as his professional income was very large, and he inherited a fortune from his father.

Q. How many cities in the United States have a population of more than 100,000? M. Y.

A. The Census Bureau says there are 68 cities in the United States having a population of over 100,000.

If you can't pronounce  
"Pa-jaw-mas"  
stick to Night Shirts.

Some people pronounce Pajamas

"Pa-jaw-mas."

Some men pronounce them even worse than that—they like the old fashion night robe better.

## A National Demonstration to Save Women

Mr. H. H. Tice of The Emerson Engineers reading the pedometer on the operator. Note the stop-watch in his other hand.

Save 349 Steps on Breakfast  
Alone with a

## Napanee Dutch Kitchenet

NOW we know how housewives exhaust themselves each day. We know, too, how they can prevent it. We are joining a national demonstration to tell all women of the uselessness of this exhausting fatigue.

By scientific measurement we know that 2,113 steps are taken in getting three simple meals every day in the average kitchen. Scientific tests prove three-fourths of these wearisome steps can be saved. The physical effort is reduced to one-quarter. The vast importance of these discoveries cannot be exaggerated.

They are the result of scientific time and motion studies of the preparation of meals under the direction of Mr. Harrington Emerson, foremost efficiency engineer.

Mr. Emerson scientifically compared the work of getting meals with and without a Napanee Dutch Kitchenet. Thousands were spent on these studies. Each motion was timed and each step was recorded by stop-watches and pedometers. Two foremost domestic scientists were consultants in the preparation of countless dishes under this scientific observation. Amazing discoveries resulted.

## Save 1,592 Steps Every Day

Mr. Emerson found that 466 steps were necessary in an average kitchen to get a simple breakfast without the Napanee! That 349 of these were saved by the use of the Napanee!

He found that 500 steps were saved in getting luncheon. 734 steps in getting dinner. His discoveries mean the end of the most distressing hardship housewives suffer—constant fatigue.

These astonishing savings are possible because the Napanee is scientifically designed to make every motion and every minute count. Its superior construction, its new and greater conveniences are the reasons for its amazing value to women. Come and let us show you these superiorities today. Let the long strain of kitchen work end now. Come and learn with all the women of America of the new kitchen era.

## A Statement by Mr. Harrington Emerson

It is clear from our scientific studies that the striking savings of the Napanee Dutch Kitchenet are along three distinct lines:

- 1—Saving of effort, fatigue elimination;
- 2—Saving of time;
- 3—Standardization of work.

The saving of energy, shown by the large reduction in the number of steps, is very striking. By accurate quantitative measurement, three-quarters of this physical exertion is saved. It is reduced to one-quarter.

Harrington Emerson

Mr. Emerson is a member of the Committee on Elimination of Waste in Industry, founded by Mr. Herbert Hoover.

# Society

## Social Well Attended

The social given by the Young Peoples society of St. Paul Lutheran church Wednesday evening was well attended. Games were played and prizes were won by Miss Viola Zimmerman and Orval Spriester. Refreshments were served.

The membership race between the Maroons and Golds was won by the Golds by a small margin. Fifty new members were added as the result of the two weeks' contest.

According to an agreement entered into at the opening of the contest the Maroons will be required to entertain their victors at a party on Wednesday, Oct. 12.

## Wed at Neenah

Harry Austin and Miss Mary Blefeldt, both of Clayton, were married Monday evening at the home of the bridegroom's brother, E. B. Austin, at Neenah.

The couple had worked for Mrs. Houston on the old J. E. Houston farm in the town of Clayton for over twenty years. Mrs. Houston died last spring and left the farm to the two. Now they have united their lives and interests and will live on the farm.

## Third Ward Election

John A. Lonsdorf was elected president of the Third Ward Parent Teachers association at the meeting in Third Ward school Thursday evening. Mrs. A. W. Madison was elected vice president and Mrs. Norman Orvik, secretary. Mrs. Orvik, who was the delegate to the state convention of parent teachers association, gave her report. Plans were made for a Halloween party for the parents of the children who attend the Third Ward school.

## Girl Leaders to Hike

Girl Leaders council of the Appleton Womans club which includes the leaders of scout and camp fire troops will hike to Clifton Saturday morning. They will leave Appleton on the 8:15 car and make the hike from Waverly beach as a starting point. Older girls up the troops of scouts and camp fire groups will make the trip with the leaders. They will return to Appleton on the train from Sherwood at 4 o'clock.

## Recreation Dept. Hike

The first Sunday hike of the recreation department of Appleton Womans club will be along the upper river. The hikers will have a marsh-mallow roast at the end of the trail. The plan of these hikes is to add some information about nature, field and stream lore to the knowledge of the girls each time. The topic of interest has not yet been decided for Sunday.

## Postpone Get-together Party

The social get-together planned by the First Congregational church for Congregational students of Lawrence college and business colleges will not be held Friday evening as planned. The event is postponed until a date to be announced later, so as not to conflict with the Lawrence college walk-around.

## U. C. T. Meeting

The regular meeting of Appleton council, No. 155, United Commercial Travelers, will be held Saturday evening in Odd Fellow hall. The Ladies auxiliary of the travelers will meet in South hall of Odd Fellow hall at 8 o'clock Saturday evening to make plans for a membership campaign which is to be held soon.

## P. E. O. Sisterhood

Appleton chapter of the P. E. O. Sisterhood will entertain the Manitowish chapter at the next meeting on Friday, Oct. 7. A 1 o'clock luncheon will be served at the home of Mrs. A. E. Rector, Collegeave and Meade st. Mrs. J. H. Tippet will have charge of the program.

## Football Booster Dance

The first football party of the school year will be a booster dance for the Menominee team at Elk hall, Saturday evening. The Valley Country club orchestra will furnish music. Leslie A. Buckman will have charge of all arrangements for the dance.

## Girls' Game Team

Girls who wish to play on the basketball teams of the recreation department of the Appleton Womans club will report at the high school gymnasium at 7:15 Friday evening. Try out games will be played.

## Rummage Sale

Members of the P. E. O. Sisterhood conducted a rummage sale in the Congregational church Friday. The sale will continue for two hours on Saturday beginning at 8 o'clock.

## Ceremonial Meeting

Witawentin Camp-fire girls will hold

a ceremonial meeting at the clubrooms of Appleton Womans club at 5:30 Friday. Two of the girls will prepare a supper for the others in order to win their cooking honors. Miss Laura Rogers is leader of this group.

## Parents and Teachers Meet

The Parent Teachers association of the First ward school will hold its first meeting of the season next Monday evening. An entertainment program has been arranged for the occasion.

## Party for Girls

Girls from the Lake Superior Knitting company had a party at the Womans clubrooms Thursday evening. Games including magic and mystery stunts, occupied the evening. Refreshments were followed by a "sing."

## Evi Legatine Club

The regular weekly meeting of the Evi Legatine club was held at the home of Miss Irene Koepke, 892 N. Division-st. Dancing and music furnished entertainment after which a lunch was served.

## R. of P. Meeting

The supper given by the Knights of Pythias at Castle hall Thursday evening was well attended and was followed by a business session and smoker. Brief talks were made by several members.

## COMMITTEE PLANS FOR "Y" MEMBER CAMPAIGN

Organization of the divisions for the Y. M. C. A. membership campaign is nearly completed. Several captains have yet to be heard from.

**New Victor Records for October  
On Sale Tomorrow, October 1st  
CARROLL'S MUSIC SHOP**

It is expected that all matters will be completed at the business meeting of the captains and division chairman of the men's division and at the meeting for boys' workers and advisors. Both meetings will be held at the Y. M. C. A. at 6:30 Friday evening.

## Commission Meets

The water commission will hold its regular meeting at 1:30 Saturday afternoon in the city hall. Routine business connected with the water department will be transacted.

# BEATRICE LUTZ BADLY HURT WHEN TWO AUTOS CRASH

Child is Thrown Through Windshield—Two Cars Badly Wrecked

Cut about the head and abdomen and partially thrown through the windshield of her father's automobile when it collided with a machine driven by Andrew Fischer on Walnut-st. late Thursday afternoon, Beatrice Lutz, 8 year old daughter of Mr. and Mrs. Orville S. Lutz, was rushed to St. Elizabeth hospital in the police ambulance. Her condition was considered satisfactory Friday morning.

Beatrice Lutz, aged 8, was cut about the hands and her father, who was driving the machine, suffered slight scratches when broken glass from the windshield was thrown around him. The force of the collision threw the two girls against the windshield and only the quick action of Mr. Lutz in seizing Beatrice, saved her from injuries which probably would have been fatal.

The collision occurred at the west entrance of the Walter Brewing company's plant. Mr. Fischer, of 908 Washington-st. was driving south on Walnut-st. and was turning into the entrance. The Lutz automobile was going north.

Mr. and Mrs. A. J. Kennedy, who have been visiting Appleton friends for several days, returned home to Rib Lake Friday.

CLIP THE COUPON FROM TO-NIGHT'S PAPER.

## WAUPUN PRISONERS TO MAKE LICENSE PLATES

C. B. Ballard, state treasury agent, Thursday announced that prisoners in the penitentiary at Waupun hereafter will manufacture all peddlers' license plates used in the state. The prisoners now are making automobile plates.

"The state can save 10 cents on each plate by having them made at Waupun, like the auto license plates," Mr. Ballard said.

As we license several thousand peddlers in the state annually, the saving will be considerable.

## COMMUNITY BOOSTERS MEET HERE TONIGHT

Representatives of commercial associations of the cities of the Fox river valley and farm and county agents of this section of the state met at the Appleton Chamber of Commerce at 3 o'clock Friday afternoon to consider launching a nationwide advertising campaign which would tell the whole country of the agricultural and industrial advantages of this locality.

The delegates met here upon invitation of Secretary Hugh G. Corbett who will present to them tentative plans for such a campaign if project meets with their favor.

CLIP THE COUPON FROM TO-NIGHT'S PAPER.

## STEPHENSVILLE NOTES

Stephensville — A large number from here attended the fair at Keshkosh and Oshkosh last week.

Frank Tidrow, said his firm recently and will move to New London.

Mr. and Mrs. Henry Schuch and Mr. and Mrs. John Komp spent Sunday at Sugar Bush.

Judge A. M. Spencer and family, Mr. and Mrs. George Spencer and Mrs. Frank Spencer and daughter of Appleton spent Sunday with Mr. and Mrs. James Truitt.

Mr. and Mrs. Baby and children of Appleton spent Sunday with Charles Klitzke.

Mr. and Mrs. August Apel, Dorothy Goshka and Wilma Strell autoed to Wrightstown and Kaukauna Sunday afternoon.

Paul W. Beyer and Miss Marie Komp attended the ball game at Appleton Sunday.

Mr. and Mrs. Robert O'Brien of New London, Mr. and Mrs. Turke Mr. and Mrs. H. Fraum and Miss Nell Wathlin of Appleton, spent Sunday at the John Casey home.

Mrs. William Hemenway is here helping her mother pack up to move her household goods to the Al Kaditz home in Ellington.

Mrs. Irwin Werner and daughter Rosa, Mrs. Al. Gieson and Mrs. Peter Evers attended the style show at Appleton Monday evening.

Mr. and Mrs. Oscar Roessler and Mr. and Mrs. Hugo Schultes enjoyed an auto trip to Oshkosh and Potosi Monday.

Fred Pegel shipped his household goods to Antigo Monday where he expects to live with his daughter, Mrs. Arch Gregory on his farm.

Joseph Komp recently threshed 10 acres of clover seed which ran three bushels to the acre.

Mr. and Mrs. William Ludwig and John Herman were at Greenville Monday.

Mr. and Mrs. John Schroth of Appleton spent the first of the week here.

Mrs. Fred Schultz made a business trip to Hortonville Tuesday.

Mrs. Charles Steidl and Dorothy Goshka spent Tuesday with their sister, Mrs. Carl Schmoll.

Mrs. Arch Gregory returned to Antigo Monday morning.

Sheriff Schwartz of Appleton called on friends here Tuesday evening.

Mrs. George Joslin spent the first of the week at Appleton.

## TRAINING SCHOOL NOTES

Kaukauna—The practice department of Outagamie County training school is in full swing and student teachers can be found working in all parts of the building at any time of the day.

Several grades from Kaukauna schools furnish students for the training department. Every senior has one or more classes to teach.

Miss Delwiche of Green Bay and Carey of Appleton are the last students to enter. This makes the total enrollment sixteen more than last year.

David Anderson of Indianapolis read to the school from his latest novel, "The Red Lock," last Wednesday.

Mr. Anderson comes each year. On Thursday, Sept. 23 the teachers entertained the students at an informal party. Immediately after school games were played until supper time.

Members of the senior agriculture class are collecting 25 specimens of weed seed as part of the course.

The room designed for a restroom is being put in shape.

Exhibits that were out at the county fairs are back and the material will be returned to students in a few days.

Two exhibits of student work were sent out this year.

PLAY FOND DU LAC  
GAME IN MORNING

Football Team Ready for Second Game—125 Attend Opening Banquet

Kaukauna.—Kaukauna high school and warriors will be required to meet Fond du Lac high on the latter's grounds Saturday morning instead of on the afternoon as is the usual custom. The field used by the Fond du Lac high school is the property of another football organization and the high school is allowed to use it only in the morning, since it is occupied in the afternoon by the other eleven.

The field is excellent; it has been used and rather than go to the expense of getting another high school decided to put up with the inconvenience of morning games.

The game last Saturday revealed a few glaring weaknesses in the orange and black line and Coach Waterpool has been busy this week patching it. No one was severely injured in the scrimmage and all the regulars will be in condition to go into the field. It is more than probable that one or two who have been showing up well during practice will be given a chance to show their worth against an opponent.

Kaukauna Personnel  
Mrs. J. H. Jeebe of Appleton spent Thursday as a business visitor in this city.

Mr. and Mrs. William Fadden, Loraine and Priscilla Rudder were visitors in Appleton Wednesday.

Mr. and Mrs. Jacob Miller, Misses Ella, Hentz, Ella, Penneau and Anna Vander Weiss autoed to Appleton Wednesday evening and attended the show at the theatre.

M. H. Neisen has just returned from a business trip to Chicago where he purchased a cub bear, two American eagles and a Mexican ant bear which he will add to his collection at High Cliff. Matt Ware has been engaged as keeper of the animals.

FARMER IS GORED TO DEATH BY MAD BULL  
Medford—Gustav Hamann, a farmer residing six miles west of here, was gored to death by an infuriated bull. He attempted to chase the animal with a stick when it pounced on him and ripped his body open with its horns, one lung being penetrated.

A son heard the cries of his father and ran to the house to get a gun. When he entered the pasture the animal all so started for him. The latter shot the beast just in time to save his own life.

FARMER BLINDED BY DYNAMITE EXPLOSION  
Ashland—Andrew Hartman, a farmer residing in the town of Kely near here, will lose the sight of both eyes as the result of the explosion of a stick of dynamite in his face. Hartman, who is a new settler in this vicinity, was clearing his land with dynamite, and accidentally set off a stick. He was rushed to an Ashland hospital where it is reported that his condition is serious.

MAKING PROGRESS  
ON CITY BUILDING

Many Men Are Given Employment by City—Christian Endeavor Banquet

Kaukauna.—The construction of the Kaukauna municipal building on the site opposite the police station is progressing. The work is made much more difficult because of the solid rock which must be drilled through, but in spite of the fact, it has been carried to the point where it is nearly time for pouring concrete for the foundations.

Contractor John Coppes is confined to his home with illness and it probably will be some time before he will be able to resume his task of superintending the work. The construction of the building at this time together with the work offered on the street paving, is giving work to a number of men.

Actual paving of the last block or two is again being delayed while the men are awaiting the arrival of tar.

Mission Festival  
Reformed church will celebrate its annual mission festival next Sunday.

Prof. W. Beckman and W. Lehman of the Reformed Mission house at Franklin, will be present. Services will be conducted at 10:15 Sunday morning, with Prof. Beckman in charge. Evening services will be in English language and both men will give 20 minute talks.

A meeting primarily for young people but open to all, will be called at 2:30 in the afternoon. Prof. Lehman, who has made an exhaustive study of young peoples' work will take charge of the meeting.

C. E. Banquet  
The annual banquet at the senior Christian Endeavor society of Reform of church will be held at 6:30 Monday evening Oct. 3 in the church parlors.

Vernon Couillard, a senior at Lawrence college, will be the speaker. Several short talks will be given by members of the society. Elmer Grimmer, president, will speak.

A regular monthly business meeting will be conducted following the banquet. Several important items will be brought up for discussion and will be voted upon. An official report of the delegate to the state Christian Endeavor convention held this year in Neenah will be given.

A special committee has been appointed to provide games for entertainment following the business meeting.

AGED GREENVILLE WOMAN  
BURIED AT HORTONVILLE

Hortonville.—The funeral of Mrs. Amy Jack, 82, who died Monday, was held Wednesday afternoon from the home of her son, John Jack. The Rev. Mr. Shaw was in charge. The pallbearers were Ernest Lewis, Ed. Palmer, William Sommers, H. Sommers, Will Miller and H. Garlin.

Decedent is survived by her two sons, John and Jacob Jack and one brother, J. Walton.

On Monday morning occurred the marriage of Anton Gitter to Mrs. T. Hoffmann. The ceremony was performed in St. Peter and Paul church by the Rev. J. Kommers. The witnesses were Mr. and Mrs. Edwin Gitter.

Miss Gertrude Meshke is suffering with blood poisoning in her face.

The Rev. Father Kommers visited at Bear Creek this week.

Mr. and Mrs. P. Traux, and daughter Priscilla, Miss Marcelle, Stoffen and Miss Violet Hutchinson autoed to New London Sunday where they visited Mrs. Traux's sister.

John Stoffen and Matt Mox were New London visitors Tuesday evening.

Miss Lizzie Perdzak has returned from a few days' visit at her home in Oconto.

Mrs. Helen Hermann who is working at Oshkosh visited her home here Sunday.

Miss Clara Steffen spent the week end at her home here.

Mr. and Mrs. Leonard Graef spent Sunday evening at the Charles Buck home.

## Card Prize Winners

Mrs. P. A. Anderson was winner of first prize at cards at the regular meeting of the Schaffkopf club Wednesday afternoon at the home of Mrs. John East. Mrs. Julius Goetzman won second prize and Mrs. H. H. Van Able won consolation prize. Refreshments were served. The next meeting will be held in two weeks at the home of Mrs. John Fells.

Marshmallow Roast  
Mr. and Mrs. Levi Rupert entertained several Kaukauna friends at a marshmallow and Weiner roast Wednesday evening on their farm near the city limits. About 20 persons were present.

E. F. U. Meeting  
A regular meeting of the Equitable Fraternal union was held Wednesday evening in Odd Fellow hall. An evening of social entertainment followed a short business session. Lunch was served.

125 Attended Banquet  
Paul H. W. Pagel was host to more than 125 people Thursday evening at the banquet celebrating the formal opening of Hotel Kaukauna.

Addresses were given by Mayor C. E. Trauch, F. W. Grogan, R. M. Radwin, John McCoy and M. H. Neisen.

BE SURE TO READ BONIN'S ADV. ON PAGE 16.

SUPREME COURT BARS  
WATERTOWN ATTORNEY

Madison.—Julius H. Geweke, former Watertown attorney, had his license revoked and was rebared from practicing in Wisconsin by a Supreme court order on Thursday.

charged against him.

"It is the duty the court owes to the profession, to the people of the state and to an honorable and upright administration of justice to revoke the license and debar the accused from practicing in Wisconsin," Chief Justice Siebeck wrote.

H. N. Bradford of Milwaukee was a business visitor at Appleton Thursday.

AWARD PUMP CONTRACT  
FOR OFFICE BUILDING

The Aid Association for Lutherans awarded the contract for a Meyer pump with hydro pneumatic tank Wednesday to W. S. Patterson & Co. The tank will be located in the basement and will be 3½ by 10 feet in dimensions. The water will be forced to all parts of the building and the necessary pipes will be installed with the rest of the plumbing. The tank will be filled three times daily, insuring fresh water to tenants.

Officers of the association have had numerous applications for offices, but so far no bookings have been made because the association has not been in position to take definite steps. It

is expected, however, that rental prices will be fixed within the next few days and that prospective tenants will be given an opportunity to make their selections.

Mr. and Mrs. E. W. Preston, Mr. and Mrs. H. Kromm and Charles Singer of Shiocton, autoed to Fond du Lac Tuesday.

MENASHA RESIDENT  
WINS SLANDER SUIT

Neenah.—Fred Zeh of the town of Menasha was awarded \$125 compensatory and \$100 damages by a jury in Circuit court which held that Amund Nappuk, local junk dealer, was guilty of slander. Zeh alleged Nappuk accused him of stealing chickens.

Tanlac Accomplishes  
Remarkable Results  
In Geo. H. Nickels Case

Prominent Wisconsin Man Says Tanlac Promptly Relieved Him of Bad Case of Stomach Trouble — Gains 27 Pounds and Feels Fine as a Fiddle.

George H. Nickels

It is an unquestionable fact that Tanlac is now being more widely endorsed by well known men and women than any other medicine on the American market. One of the latest to testify is George H. Nickels, well known lecturer, residing at 227 Wells St., Milwaukee, Wisconsin.

"Tanlac has not only completely restored my health, but I have actually gained 27 pounds in weight," said Mr. Nickels in referring to the remarkable benefits he had derived from the medicine.

"For something over six months, my stomach was very badly disordered. I suffered terribly from indigestion and dyspepsia. At times I would be in great distress and I would invariably experience an uncomfortable bloated feeling for hours after eating. I had no appetite scarcely and the little I ate would often make me deathly sick. My head ached until I felt like it would burst and I was so nervous I trembled like a leaf. When I got up in the mornings, I was so weak and dizzy, I couldn't trust myself to walk around and I just hurt all over."

"Tanlac has brought about a wonderful change in my condition for I am now enjoying the very best of health. My appetite is splendid. I relish my meals. Everything agrees with me perfectly. The nervousness, headaches and dizzy spells are all gone and never have an ache or pain. I

am only too glad to tell others about the wonderful good Tanlac has done. It has no equal."

Tanlac is sold by Voigt Drug Co. and by leading druggists everywhere. ady.

This is WHY  
KIRK'S JAP ROSE SOAP

Makes the Hair  
Healthy and Soft

How quickly the rich froth of pearly, elfish bubbles appear. They cleanse every strand perfectly right down to the roots, then a dash of two of water and they are gone — every one. No hair left sticky and stringy, from undissolved soap, after a JAP ROSE shampoo — just soft, fluffy, clean and lovely. That's the difference with JAP ROSE. Every woman who's tried it knows.

For the complexion too—  
You'll Like It!

## Note: Of Interest to the Thrifty Shopper

The following is a Geenen Policy rigidly adhered to: Although raw cotton has doubled in price, and the cotton mills and jobbers of cotton fabrics and other cotton products have raised their prices from 25 to 50%, you may rest assured that our immense stocks of cotton fabrics and garments now in the store will not be raised one cent in price. In fact we are selling on a closer margin.

You are requested to take note of the many staple items mentioned on this page. Then come to our store, see the goods, and be convinced.

## WAY TO PRESERVE AMERICA IS TO TRAIN CHILDREN

Darius A. Brown Tells Appleton Audience About Mooseheart Plans

Characterizing the American boy as the most enormous experiment in all history, Darius A. Brown, former manager of Mooseheart and past superior of the Loyal Order of Moose, told an audience at Lawrence Memorial chapel Thursday night that the future welfare of this republic lies in the proper education and training of the children of today.

Mr. Brown spoke on the subject, "The Men and Women of Tomorrow." In part he said: "For almost a century and a half we have witnessed upon this American continent the greatest experiment in history—that the world has ever seen. We have erected here a great republic, based upon and dedicated to the principle and theory of pure democracy, which involves the idea that every individual is a sovereign and in order that the experiment may be successful it is necessary that every individual not only equip himself to perform the duties of a sovereign but actually perform them. At the end of a period of probation we have the result of a large percentage of our people—entirely ignorant and expressing grave doubts as to whether our form of government and its institutions will ever be completely justified and a smaller though considerable percentage severely plotting and openly advocating their overthrow by force."

**Urges Child Training**  
"We are fast coming to realize that the crying need of the time is an educated, intelligent, loyal and patriotic citizenship and that America's future and her children are the hope and guarantee of its future. The time to make this country safe for democracy is now and the way to make this country physically, mentally, morally and politically healthy is to properly develop the boys and girls from the cradle to manhood and womanhood."

"Several years ago those who had in charge the welfare and destiny of the Loyal Order of Moose came to the conclusion that fraternal societies could not longer justify their existence by merely furnishing to their members selfish and individual benefits and advantages but if they were to continue to be a factor they must do something worth while to solve some of our great national problems."

"So they determined to consecrate the power, energies and activities of this great order to the idea that every boy and girl is entitled to a high school education and a vocation or trade. They acquired an estate of 1,025 acres in the beautiful Fox river valley, 35 miles west of Chicago with the privilege of acquiring more as necessity demands. In 1914 the building of the city of Mooseheart was begun and children began to arrive at the institution that trains for life."

**Explains Purposes**  
"First in the Mooseheart scheme is the purpose of keeping children in a vigorous state of health. Next in the purpose of Mooseheart is for each child to get a first class education. A complete thorough and practical curriculum from kindergarten to high school has been prepared. Every child leaves Mooseheart with a high school diploma. One of the main objects of the Mooseheart plan is vocational training, that is making the boy or girl proficient in some useful trade."

"Another important element in the moral training. If nothing else were being accomplished this alone would

## Papermaking Class To Be Offered By Night School

Registration for Evening Classes Starts Monday—Big Faculty is Secured

Special classes in papermaking and industrial management for former service men probably will be offered as part of the evening school work of Appleton Vocational school. Evening school classes will open Monday, Oct. 5, and the entire week will be devoted to registration. The cost of the special courses will approximate a thousand

English; Thursday night, all other courses.

**Use Ward Schools**  
Registration will be conducted Wednesday night in the Columbus and First ward schools, Thursday night in the Fourth ward and Fifth ward schools and Friday night in the Richmond school. Enrollment fee is again placed at one dollar. A deposit will be required in courses where material is used. Attendance of 80 per cent of the entire term is necessary to insure the return of the deposit.

**Cooper Comedy Co. and Finkle Wizard Combined Shows at Meltz Pavilion, Twelve Corners. Free Dance after Shows—20c and 35c pays all. Sunday night, October 2nd. Everybody come!**

dollars and will be paid by the state, provided fifteen service men sign up for the ward schools.

The bank clerks at their organization meeting last week voted to organize a class in banking. The class will meet every week at the vocational school and will be made part of the regular work.

The schedule of enrollment for next week is as follows: Monday night, sewing, cabinet making, machine shop, house wiring; Tuesday night, cooking, typewriting, bookkeeping, building and trades mathematics; Wednesday night, millinery, mechanical drawing,

be worth all the effort. Every boy and girl at Mooseheart has an opportunity for religious training in the faith of his or her parents.

"Higher than the physical welfare of the children and their training is the duty and effort of Mooseheart to infuse a spirit which will make our young people realize that they are part of the community at large so they may take their place when they go out into the world."

"This, my friends, in brief is the story of the work of the Loyal Order of Moose for the salvation of helpless childhood. I am satisfied that the most perfect way to be happy and to keep happy is to do and keep doing something for others, or to express it in different language—the place to be happy is here, the time to be happy is now, and the way to be happy is to make others happy."

A motion picture how the children are cared for, trained and educated at Mooseheart was shown after the address.

**FREEZONE**  
Corns Lift Off with Fingers

Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. It doesn't hurt a bit.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without a particle of pain.

## 60 MEN INTERESTED IN SPEAKING CLUBS

Lawrence College Gets Early Start on Debate—Western Trip Planned.

More than 60 men from Lawrence college attended the debate and oratory rally held in Prof. F. W. Orr's recitation room Wednesday night. Arthur Vincent spoke on the advantage of debating to the individual and Alfred Root outlined the program of the year.

Lawrence will go into a new oratory league this year which includes the same colleges as the Little Eight Football league. They are Albion, Coe, Cornell, Hamilton, Grinnell, Carleton and Knox. When the oratory league is perfected, it is planned to enter into a debating league with this same college group. Lawrence will continue with its former oratory and debating leagues for the new year as well as with the interclass oratorical contest.

The western trip planned for this year will include Illinois, Missouri and Nebraska colleges with the final debate in Denver, Colo. With four out of six of the trained men back to work on debate, there is room for some of the new material which looks promising. Prospects for the interhigh school league indicate that from 30 to 100 schools will enter the contest this year.

Music by the Lawrence Pagatators, a new college orchestra, and refreshments concluded the rally meeting.

**BE SURE TO READ BONTIN'S ADV. ON PAGE 18.**

## Pile Sufferers

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief? Why cutting and operation fail? Do you know the cause of piles is internal?

That there is a stagnation of blood in the lower bowel?

Do you know that there is a harmless internal tablet remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by druggists generally, that is guaranteed?

HEM-ROID banishes piles by removing the internal cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, safe and lasting relief to thousands of pile sick sufferers, and saves the needless pain and expense of an operation. There is no reason why it should not do the same for you.

## SEES HAVOC CAUSED BY GREAT FLOOD IN PUEBLO

Mr. and Mrs. W. Frank McGowan returned Wednesday from Colorado Springs where they attended the club convention of the New York Life Insurance company. While enroute the party stopped off at Pueblo, Col. and viewed the havoc caused by the flood which swept that portion of the country some time ago.

Many large bridges were torn away and the river banks were covered with debris of every description. Some idea of the height that the flooding waters reached may be gained in the business district. Clay and small portions of debris are seen clinging to the sides of the buildings ten to twelve feet above the street.

Mr. McGowan said that the crops in Wisconsin are far superior to those of the western states.

## PAPERMAKER IS LIKE "NEW MAN"

"Yes sir, it took Kozak just about two weeks to make me feel like a new man," said Adam Mours, 1304 High-st., Wisconsin Rapids, employed as a papermaker, recently. "I had been in a badly run down condition. After work it was an effort for me to drag one foot after another—I would be that weak and tired. I was always troubled with acid stomach and my tongue was always coated."

"After seeing what fine results my wife got from Kozak I decided to try it too. Well, I soon noticed the change. Now I eat heartily, my food digests right, I feel active and energetic and can sleep great at night. I'm a 100 per cent better today—thanks to Kozak." Sold exclusively by Sehlitz Bros.; Black Creek, Gerl; Kaukauna Drug Co.; Hortonville, Gatter; New London, Spearbrocker.

## IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrh of the Ears, go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus soon dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrh of the ears, is hard of hearing or has head noises should give this prescription a trial.

## ZUEHLKE RESIGNS FROM FOX RIVER PAPER COMPANY

Will Devote All His Time to Aid Association for Lutherans

William H. Zuehlke, 860 Prospect st., manager of the Fox River Paper Co., has resigned his position with that concern and beginning Oct. 1 will devote all his time to the Aid Association for Lutherans of which he has been treasurer since its organization in 1901. Mr. Zuehlke will have direct charge of the new building which is being erected by the association. Until that building is completed he will have his office in the headquarters of the association in the First National bank building.

Mr. Zuehlke resigned as assistant closing out sale on New Home Sewing Machines. All brand new. Will sell below cost for quick sale. Come and see them. GUST RISTAU, Kaukauna, Wis.

postmaster about three years ago to go with the Fox River Paper Co. When that concern purchased the Telulah mill from the Kimberly-Clark Co. Mr. Zuehlke was given charge of the plant.

Mr. Zuehlke is the third official of the aid association to devote all his time to it. Albert Voeks, secretary, and G. D. Ziegler, president, who with Mr. Zuehlke organized the association 20 years ago, have been devoting all their time to it for several years. In fact Mr. Voeks has been a full time salaried officer from the start.

The growth of the association is requiring more of the time of Mr. Zuehlke and it now is necessary for him to devote all his time to its welfare.

## WEBER RESIGNS FROM WILWAUKEE LABOR BODY

Frank J. Weber of Milwaukee, known as the "grand old man of the Wisconsin labor movement" and well known in Appleton, has resigned the general secretaryship of the Milwaukee trades council.

Mr. Weber is 72 years old and has figured prominently in the labor movement for 30 years. He organized the state federation of labor in 1893 and was its president in its first years after which the reins were given to an executive board.

## DAIRY JAUNTS ARE ON SET PROGRAM

Profitable Aspect of Outings Will Make Them an Annual Event From Now On.

Dairy excursions such as the Holstein and Guernsey breeders enjoyed this summer have taken such deep-seated popularity in Outagamie-co. that no season will pass without at least one jaunt by each group of breeders. Talk already is abroad about the destination of next year's outings.

Farmers still are discussing their experiences on the Holstein trip to Sheboygan this month. They received much encouragement from the experience of Carl Brickbauer, Elkhart Lake, who made rapid strides in purebred cattle culture since he took his farm from his father five years ago. He has made two 30-pound records from daughters of one of his foundation cows.

Cedarlawn Canary Paul fourth, a sire at Pinehurst farm, was a striking example of what purebreds can do, for his daughters were animals of a splendid type with good production records. Much interest also was shown in Vickery Vale, a foundation cow at Emil Tittle's farm.

Knight's Templar Meet. Appleton Commandery, No. 28, Knights Templar, will decide at a meeting Friday evening on what its part shall be at the meeting of the Grand Commandery to be held at Milwaukee Oct. 11 and 12. Several other important matters are also to be decided. The meeting will be preceded by a supper.

GIRLS! LEMONS  
WHITEN SKIN AND  
BLEACH FRECKLES

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rose-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

## DONATE BURIAL PLOT TO LEGION

Tract in St. Joseph and Riverside Cemeteries Will be Beautified

With the recording of a deed by which Appleton Cemetery association transfers a plot of ground in Riverside cemetery to Oney Johnston post of the American legion, plans for a soldier burial plot will be consummated by the post committee in charge.

The land which the association presented the post as a gift adjoins the plot in St. Joseph cemetery donated sometime ago; the two are on the boundary line near the gateway to St. Joseph burial ground.

This tract of land will be beautified, planted with trees and shrubbery and later a monument may grace its center. Soldiers of the World war whose bodies are not designated for private graves will be buried here. The lot is large enough to accommodate the Memorial day exercises of Oney Johnston post.

## WILL PLAN SOCIAL SERVICE PROGRAM

Adoption of a social and charitable program adapted particularly to Appleton and vicinity will be discussed at a meeting of officers of all local Catholic societies in Knights of Col-

Dance at Stark's Hall, Five Corners, Monday, Oct. 3. Music by New-comer's Orchestra.

ambus hall at 7:30 Friday evening. Sixteen delegates of various organizations who attended the recent conference on Catholic charities and social service in Milwaukee will give their reports, together with suggestions for work applicable to Appleton. Plans then will be devised to convert into action locally the best things gleaned from the national leaders who spoke at the conference.

## GET REPORTS OF MOONSHINE SALES

Police officers here are continuing investigation of reports that the illicit manufacture and sale of liquor is flourishing in the Fifth ward. It is likely that more raids will result from reports which are pouring into the station.

It has been charged that "tips" which led to the raids last week were received from one person but that is emphatically denied at the police station. Chief George T. Prim said Friday that these raids were made as a result of numerous reports and not as a result of a tip from any single source.

## BARRETT TO SPEAK AT LEGION MEET

Rousing Fall Meeting of Oney Johnston Post Will be Held Monday Night

Oney Johnston post of the American legion expects to hit its last season's stride and go it one better with its monthly meeting at 8 o'clock Monday evening in Elk hall. Edward Barrett of Sheboygan, new state legion commander, is to pay the post a visit and deliver an address. Officers are working to give him the largest audience ever present at a meeting of World War veterans.

Mr. Barrett is an admirer of the accomplishments of the Appleton post and is coming here to catch some of the enthusiasm which has made it one of the largest and most active in

the state. He intends to load up with ideas and carry them to other posts in Wisconsin. The commander is an able speaker and expects to tell the veterans something of the Wisconsin program. Professional entertainers will take the stage following the business meeting.

Expect Big Delegation. A large representation of the local Rotary club is expected to attend the next Rotary conference of the fifteenth district to be held at Duluth within the next few months. Local Rotarians were very much pleased with the treatment and entertainment afforded them by the Duluth club.

Boy's Division. The Boy Workers of the Y. M. C. A. will be banqueted Friday evening at 6:30 at the Y. The Campaign captains and advisors will be present and campaign prospect cards will be distributed.

# MENOMINEE ATTACKS HIGH SCHOOL HERE SATURDAY

## Vincent Looking For Fierce Fight With Michigan Champions

Blue and Gold Coach is Satisfied With Way Team is Improving—Predicts Bright Future For His Stars.

All is in readiness for the Appleton and Menominee grid battle for Saturday afternoon. The highs had their last heavy workout, Thursday afternoon at Lawrence field. About an hour was spent in running through signals, punting and kicking, and in tackling the "dummy." This preliminary practice was followed by a short scrimmage with the Lawrence scrubs, giving the highs an opportunity to try out their new plays and perfect their old ones.

The team will be given a rest Friday, with just enough of a workout to keep them from getting stiff. A "skull drill" session will be held.

Coach Vincent, in cautioning his men said: "Don't entertain a football team's worst enemies, discord and over-confidence. Work and fight to win and above all do not consider a game won until the final whistle blows."

Vincent has announced that there will be one or two changes in the lineup, but practically the same team that vanquished Wausau will start in Saturday's game.

Among the wearers of the Blue and Gold of whom much is expected this season is Captain John Roach, who has all the advantages of experience, having played on the team for three years and rounded into one of the best high school halfbacks in this section.

Jack Zussman, quarterback will fill the place left vacant by Jack Jacobson. Although, playing his second year of football he has shown excellent head work in handling the team.

A great deal of ability for breaking up plays has been shown by Arnold Purvis. Vincent predicts that Clarence Versteegen, who played a stellar game at end last Saturday, will rank with the best in the state before the end of the season. Zschachner will alternate between guard and center, because of his experience of last year. Don Stark, a substitute on last year's eleven, has been recognized as one of the best players in the state.

Several other men showed up to good advantage and all are keyed up to the highest pitch for the coming contest.

Latest reports from the Menominee camp are to the effect that the invaders have quite a collection of trick plays in store for the locals and are after Appleton's scrum. Evidently, they have not recovered from their last stinging defeat of 1917 when the Blue and Gold vanquished them, by a 20 to 0 score.

It is all over but the shouting. The whole New York team will have to draw it Cleveland is to win the pennant. If the Yanks can only one more battle the flag is clinched and Speaker is out of it. Perhaps if Tris hadn't taken a chance with Babe Ruth in the New York series he would be planning on what he would do with his world series check.

Bear stories are floating in from the Big Ten college football camps. These stories say that the stars are hurt, the next best men are ill and the scrubs are no good. It doesn't look very rosy for the big teams, these reports say, but the average fan reads the stories with a whole sack of salt. Those bear stories don't fool the other teams and they don't rest well with the fans. It would be better to tell a little more of the truth about football.

Louisville has sewed up the pennant in the A. A. and the Colonel will give battle to the Baltimore club of the International league in post season series. Jack Dunn's Orioles are called the "wonder team" of the minors and it is our opinion that before the post season play is finished, Louisville will be mighty sorry they even copped the A. A. flag.

The big fellows in the wrestling game get into action next Tuesday night. Stranger Lewis, the head lock fame and Joe Stecher, former heavyweight champion will grapple in San Francisco. Both these mat artists are attempting a come-back on the mat and the winner will probably get a chance to have it out with Zhyazko the giant Pole, who is now the holder of the heavyweight crown.

This is "Christy Mathewson" day at the Polo Grounds in New York. Boston and the Giants are playing a benefit game for "Rig Six," who was one of the greatest pitchers that ever lived. Winning his fight against the dreaded T. E. at Saratoga Lake and fifth the funds from the benefit, the old idol won't have to worry about the wolf prowling around his door.

RE SURE TO READ BONIN'S ADV. ON PAGE 16.

## NEED MORE ROOM FOR WORLD TITLE GAMES

Polo Grounds Not Large Enough to Accommodate Gotham Fandom

By Westbrook Pegler

New York.—Suppose you're sitting on J. P. Morgan's front stoop, at Broad and Wall, in just your swimming suit and old J. P. himself, comes along and says: "Kid—you know the way he talks—"Kid, come on into the thousand dollar bill apartment, and fill all your pockets. Nothing's too good for my friends. Help yourself to anything in stock; all you can carry away. How's the little wife?"

Well, you, swimming suit fits tight as an earl at a Mayfair wedding and you snap back at your luck for not giving you eight fingers on one of your hands anyway.

The Yankees and Giants are caught that way.

The Polo grounds held once, a few weeks ago, a crowd of nearly 40,000 people, the largest ever compressed into Brush stadium. People were stuffed into all the aisles and along the stairs. They hung on the up-right girders and the steel pipe rails around the back of the grandstand. And they thought themselves lucky for nearly 60,000 other people were fighting their way into the subway and along the "L" platform to return home, having been turned back by the police lines a block from the park.

And now the world's series is staggering toward the Polo grounds. If both New York teams are in this series the owners will be in the thousand-dollar bill department with only their hands to carry the stuff away. The national commission will not permit "standees" at a world series. This will clip off a few thousand of the crowd capacity. It has been tradition to have no crowds infringing on the outfield at the Polo grounds, though perhaps 5,000 people could be crammed in along the center field wall. Probably no crowd will exceed 38,000 at this world's series. But if there was room the Giants and Tanks could play to 100,000 the first two days at least, and probably to an average of at least 75,000 on the other days.

**BELOIT WILL PLAY AT WATERTOWN SATURDAY**

Watertown, Wis.—One of the fleetest and heaviest teams in the "Little Five" will meet Beloit Saturday at Watertown. Northwestern college has been adding new material for the last week and everything points to a banner season. The latest additions are Wegworth, a 195 pound tackle and end, and "Young" Hewitt, a promising athlete of Milwaukee. Brandt, who is piloting the team, is known as the fleetest man in the "Little Five," and is considered a dangerous man in open field work. Sharp, one of the daring lights of last season, is also out in uniform.

## Yost, 50, and Meehan, 28, Star Coaches

Along about the time when Chick Meehan's mothers began checking him up on his corn-silk breath, Fielding H. Yost, alias "Hurry Up," started coaching the hefties of the Michigan eleven.

Today Yost is known as the oldest and Meehan as the youngest gridiron coach in the big colleges. He's over fifty.

"Hurry Up" is entering his twenty-first season of putting the Michigan gridders through their paces. Meehan at 28, is starting his second year as head mentor of the University of Syracuse squad.

**Starred at Quarter**  
Chick went to Syracuse in 1914 as a freshman. Within a year he was being honored and sung, a hero of the pie-skin.

For four years he played quarter on

the Syracuse team. He was one of the greatest punters of the game in his time, yet his weight was only 145 pounds. He also starred as a forward passer, line plunger and a clever open field runner.

About the time he graduated, "Buck" O'Neil, Syracuse coach, went to coach Columbia. He recommended Chick for his old job, saying: "He is one of the smartest football men in the country. He will make good."

Meehan's name was never mentioned on the All-American because he never tried to star individually. But when a yard was needed, Chick never put it up to anyone else. He took the ball himself—and usually made good.

"Buck" O'Neil's prediction came true. Syracuse, under Meehan, made an enviable record last year.

Yost's career began as a player with West Virginia. He coached Ohio Wesleyan in 1916 and in 1917 won the Missouri conference championship for Nebraska, taking the title again with the Kansas team.

While at Leland Stanford in 1900 he beat California.

As a developer of All-American men, he stands alone. During the first four years of his regime at Michigan he sent the team through without a defeat.

In the old days "Hurry Up" had to be content with much beef and brawn, depending on the knock 'em out style of play to win.

Chick started his teaching along the modern scientific methods of speed, agility and mathematically-worked out passes.

## PENNANT WITHIN GRASP OF YANKEES

By United Press Leased Wire  
Philadelphia, Pa.—Right up to the threshold of the American league pennant room, the New York Yanks were ready to push the door open Friday.

With the prospect of having Babe Ruth, the big shover, back in the game today the Hugginites felt sure of enough force to swing the barrier on its hinges and walk in over the prostrate back of the Philadelphia Mackas.

Thanks to one Dick Kerr, who was not a pillow lifter in 1919, the Yanks were within one game of the world's series with the Giants, who clinched the National league pennant yesterday.

With Carl Mays, the bulky underhand, ready to work, the Yanks were a chipper lot around their hotel this morning. They were not talking world's series but they didn't need to. They showed it in every smile and in every move.

**BREWERS GUARANTEE TO SEND REGULAR TEAM HERE**

The Milwaukee Brewers, who are to play here Oct. 9, will play at Menasha on Saturday afternoon, Oct. 8. Arrangements for the game were completed this week.

The Brewers have guaranteed teams in the Fox river valley that they would send their regular squad here. There is a possibility that Hauser, who has been sold to the Philadelphia Athletics will pitch against the Brandts.

**BABE RUTH GETS BACK IN TO GAME TODAY**

By United Press Leased Wire  
New York—Babe Ruth is back on the job.

Following a day's sentence in bed as the result of a severe cold, he was so far recovered Friday that he planned to join the Yankees in Philadelphia and resume his place in the line up. "Rarin' to go" was the Babe's comment when asked how he felt today.

There was some speculation as to whether Miller Huggins would allow Ruth to get into uniform today, anyway, because of the possibility of him over exerting or of sustaining an injury. The club physician was expected to make the trip to Philadelphia with Ruth.

## BIG TEN TEAMS GO INTO FIRST GAMES

Chicago, Ill.—Nine of the western conference football teams will get into action tomorrow.

The struggle between Chicago and Northwestern at Stagg Field will hold most of the attention, as it will be the first meeting of the year between the two big ten teams. The Maroons are expected to have an easy time, after the poor showing made by the Purple against Beloit last week.

Michigan will open the season with a game with Mount Union at Ann Arbor; Wisconsin will play Lawrence college of Appleton; Purdue against Wabash at Lafayette; Iowa will go into action against Ohio Wesleyan and Indiana plays Kalamazoo. Illinois will not play until next week. Notre Dame will play DePauw at South Bend.

## LAWRENCE GRID TEAM LEAVES FOR UNIVERSITY GAME

McChesney Takes Big Squad to Madison—Stevens Point Next Week

Coach McChesney's proteges wound up their work in preparation for the Wisconsin game Thursday afternoon and left early Friday morning for Madison. There will be a light workout in the Capital city as soon as the men arrive.

McChesney was not sure when he left here who would be started against the Cardinals but he is taking along

## Notice to Farmers

The Custom Feed Mill at Twelve Corners will be in operation one day a week, Saturdays only, commencing Oct. 1.

a large squad and it is likely that most of the men will be given a chance.

It is a certainty that big Bill Smith will start at center. Ketchum, Huntington, Blackburne, McGlynn, Doering, Stark and Normington are sure to get into the game at some time or other. Backfield men who apparently have the call are Basing, Kubitz, Grogan, Barry, Goan and Zzebell. Roscher also may be given a chance against the university men.

Stevens Point Normal will be the first team to meet the collegians on the local gridiron. Reports from the Wisconsin river city indicate that the squad is hopeful of downing the Blue and White and is pointing itself for that game which will be one of the feature contests of the season.

McChesney and Coach Howard Buck expect a hard fight from the teachers. The local team will be doing good by that time and it is probable that the Pointers will meet plenty of opposition here.

## GREAT FOR ECZEMA AND OLD SORES

I Guarantee My Ointment, Says Peterson — Every Box Of It

"If you are responsible for the health of your family," says Peterson, of Buffalo, "I want you to get a large 35 cent box of Peterson's Ointment today."

"Remember, I stand back of every box. Every druggist guarantees to refund the purchase price if Peterson's Ointment doesn't do all I claim. I guarantee it for eczema, old sores, running sores, salt rheum, ulcers, sore nipples, broken breasts, itching skin, skin diseases, blind, bleeding and itching piles as well as preparation that removes the catarrhs and sunburn."

"I had 30 running sores on my leg for 11 years, was in three different hospitals. Amputation was advised. Skin grafting was tried. I was cured by using Peterson's Ointment." Mrs. F. E. Root, 287 Michigan Street, Buffalo, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y. adv.

## Schultz, Mudloff And Shott To Play Against Menasha Here Sunday

Milwaukee Trio Ready to Report Here When Palmolive Game is Called Off—Nobel Has Made Splendid Record.

Here is welcome news to the fans who are pulling for one more win this season over the Menasha team of the Fox River Valley league:

Schultz, Shott and Mudloff will be with the Brandts next Sunday.

Schultz telephoned Owner August Brandt late Thursday afternoon that the game which the Palmolives of Milwaukee had scheduled at Akron, Ohio, had been called off and that he and his partners would be here on Sunday. That means that Schultz will take the mound instead of Hoftman and Nobel and that the same team will face Menasha that defeated Oshkosh last Sunday.

Mudloff will play on third, Braby will cover short, Bergerino at second, Wood at first, Shott behind the plate and Beyer, Duran and Luedtke in the outfield.

There are a lot of fans here who would like to have seen Nobel in action Sunday. The Sloughen young fellow has been pitching near Madison all summer and made so good an impression that he has been asked to report to the Chicago White Sox next spring for a tryout. Down in the southern part of the state they believe he is one of the best pitchers in the west and will not have any difficulty in making the grade in big time. He has several one hit games to his credit this year and always strikes out at least a dozen men in a game.

With the old regulars back on the job the fans will feel at home when they see Appleton rush out on the diamond. It promises to be a diamond fight worth going a long ways to see.

**Y**EARS of experimenting was needed to discover the proper way of handling and marketing meat. Most markets have profited by this experience, especially the high-class shops. Clean, sanitary conditions of the market, as well as the kind of meat sold by this shop should help you in selecting the proper place to do your buying. We have strived to place our shop in a position which will enable us to handle only the best grade of meat and to market in the cleanest and most sanitary way. We believe we have been successful in this attempt.

## ACCIDENT TOLL IS OVER ONE MILLION

(Special to Post-Crescent)

Washington.—More than one billion dollars a year in the toll exacted by industrial accidents in the United States!

That's the estimate of Sidney J. Williams, secretary of the National Safety Council.

Williams bases his findings on a thorough investigation of industrial accidents in 1919.

There were 3,000,000 industrial accidents in that year.

The fatal accidents, Williams estimates, resulted in the loss of 6,000 working days each, making a total of 138,000,000 working days.

Temporary disabilities are estimated to have caused the loss of 50,000,000 days.

Permanent disabilities caused loss of 115,000,000 working days.

That makes a total of 296,000,000 working days—(or two-thirds of 1919 industrial accidents).

Williams estimates the average daily wage of the workmen injured at \$4. That gives those 296,000,000 lost days a wage value of \$1,184,000,000.

But all that isn't lost! The 23,000 men who lost their lives didn't have to pay for food and lodging. That was "saved." That represents \$331,000,000.

## SCRAMBLE'S RETURN

"If Whizzy Tornado is loose," said Sprinkle-Blow, "we are going to have a picnic. He's not a Nonsense Fairy at all, like Jack Frost and Old Man Flood and the rest of them. He's a right wicked one, and he can do more damage in a minute than I can patch up in two years. He lives in the Cave-of-the-Winds at the End-of-the-Earth. West wind and East Wind and South Wind, and even old blustering North Wind haven't anything to do with him. He's an outcast and a robber and a mischiefmaker, and we'll have to take a lasso and go after him."

Scramble Squirrel began to shiver. "If I go back to the earth, will you blow me up here again onto your star, Mr. Weatherman? I don't believe I have enough breath left to stand the trip twice."

Sprinkle-Blow smiled. "No indeed, he won't," he assured his unexpected visitor. "That's one thing about Whizzy. He never stays around long. He's gone like an express train, out of sight before you know it! Goodness! He knows better than to stay 'round after doing so much damage."

"Last year he picked up Susan Jane Brown's doll and carried it all the way to China, where a sailor-man found it and brought it back. Don the Dog found himself dangling from the top of a telegraph pole in Timbuctoo and 'at Pig landed right among the peacocks in the castle-garden."

"But how shall I ever get home?" asked Scramble anxiously.

"Nick and Nancy can take you with their Magic Shoes," answered Sprinkle-Blow. "I'll come too as soon as I find the lasso."

Nancy and Nick and Scramble Squirrel were soon traveling toward the earth.

## PERSONALS

Mrs. P. G. Schwartz has partially recovered from an attack of pneumonia at the home of her brother in Bessemer, Mich., and will return home either Saturday or Monday according to word received here.

Harry Bullard of Menasha visited in Appleton on Friday.

Alberts Bleck's 11-year-old son was taken to St. Elizabeth hospital Thursday to submit to operations for appendicitis and removal of tonsils and adenoids.

H. J. Brandt of Black Creek, was a business visitor Friday in Appleton.

odor of the coarser vegetables is lacking. Choose young roots.

Kohl-rabi Sauce

Pare vegetable sand cut in quarter-inch slices. Cook in boiling water till tender. Drain and fry in a light brown in half butter and half bacon fryings. Sprinkle with pepper and serve. Use just enough fat to allow the slices to brown quickly.

Fried Kohl-rabi

Pare and slice vegetables. Cook in boiling water till tender. Roll in dried bread crumbs, dip in egg slightly beaten with 1 tablespoon water, roll again in crumbs and fry in deep hot fat till a golden brown. The number of vegetables necessary depends on their size. Two large vegetables should serve four persons.

Baked Kohl-rabi

Pare and slice vegetables. Cook in boiling water till tender. Drain and shake over the fire to dry. Mash and season with salt and pepper and butter. Add a little milk and heat well. Put into a buttered baking dish, cover with coarse bread crumbs, dot with bits of butter and brown in a hot oven.

Kohl-rabi in Cream Sauce

Pare vegetables and cut in quarter-inch cubes. Cook in boiling water till tender. Drain and season with salt and pepper. Make a white sauce, use

Give 'Em Vegetables

Kohl-rabi is a vegetable deserving greater popularity than it enjoys just now. Its delicacy of flavor and the many ways of cooking it aside from its richness in vitamins make it a valuable vegetable for summer use.

Kohl-rabi is sometimes known as turnip-cabbage, but the taste is more delicate than either turnip or cabbage and the pungent

THE PETTIBONE-PEABODY CO.

Shopping Hours 9 a. m. to 5:30 p. m. Daily

Saturday Hours 9 a. m. to 9 p. m.

THIS IS FALL STYLE WEEK

Next week--

—will be especially devoted to preparing the house for the siege of Winter. Each day will be filled with special displays of new draperies, new floor coverings, household linens and fine china. This will be a week full of interest for the housekeeper and she is urged to take every possible advantage of Homefurnishing Week. The winter days can be made more enjoyable by shopping in these six days.

Decorative Flowers

A wealth of possibilities lies in the collections of decorative flowers we are showing. An old fashioned nosegay, a gorgeous blossom in some new shade, perhaps a cluster of silver or gold fruits or flowers. Lovely sprays and single pieces furnish wonderful color spots for the new gown as well as trimmings for all sorts of fancies.

These beautiful things are rich in material and appearance, yet you will find the prices most inviting.

—First Floor

Cloth Dresses

For the School Girl Who Dresses in Fashion

The school miss under fourteen will find gowns of extra interest in the fourth floor department. Quite the smartest of Fifth Avenue styles are shown, developed of fine materials and altogether inviting in price.

Serge is a much used fabric. A navy dress trimmed with red comes as low as \$7.50. A clever serge model with collar of pongee and pretty embroidery is \$9.95. A becoming style is fashioned of navy serge with scarlet or jade embroidery. Dashing pom poms in the same colors finished the front. It is \$13.75. Other serge dresses come at \$15. and \$16.75.

Tricotine makes an attractive junior dress, especially when combined with red. This one is \$25. Another tricotine frock with a vest and cuffs of Copenhagen jersey and trimmings of silk braid is the same price.

An entire dress of Copenhagen jersey, trimmed with silk embroidery is \$18.50.

—Fourth Floor

Velour Coat \$37.

A lovely velour of Zanzibar brown is used in this coat with beaverette collar and cuffs. Smart features include new flowing sleeves and shirred hips. The sleeves and skirt of the coat sports hand embroidery.

This becoming model is only \$37.

Bolivia Coat \$48.

Bolivia cloth in navy or brown is trimmed with beaverette collar and cuffs. The sleeves and the upper part of the coat are beautifully embroidered in silk. This is a flare model with exceptionally good lines.

It is only \$48.

Bolivia Coat \$65.

A smartly designed straight-line coat comes in brown or Sorrento blue. The fur collar is of Australian Opposum. The bottom of the coat is trimmed with harness stitching in a large pattern of squares.

A very stylish model at \$65.

Normandy Coat \$58.

Normandy cloth, a new material, makes this coat trimmed with wolf fur. The back is unusual with two wide box pleats that tend in fringed tabs. There is a narrow tie belt at the waist and large buttons.

Moderately priced at \$58.

Cordona Coat \$65.</
